Iacone,1976 **One Body** Alexander R. Pruss,2012-05-15 This important philosophical reflection on love and sexuality from a broadly Christian perspective is aimed at philosophers theologians and educated Christian readers Alexander R Pruss focuses on foundational questions on the nature of romantic love and on controversial questions in sexual ethics on the basis of the fundamental idea that romantic love pursues union of two persons as one body One Body begins with an account inspired by St Thomas Aquinas of the general nature of love as constituted by components of goodwill appreciation and unitiveness Different forms of love such as parental collegial filial friendly fraternal or romantic Pruss argues differ primarily not in terms of goodwill or appreciation but in terms of the kind of union that is sought Pruss examines romantic love as distinguished from other kinds of love by a focus on a particular kind of union a deep union as one body achieved through the joint biological striving of the sort involved in reproduction Taking the account of the union that romantic love seeks as a foundation the book considers the nature of marriage and applies its account to controversial ethical questions such as the connection between love sex and commitment and the moral issues involving contraception same sex activity and reproductive technology With philosophical rigor and sophistication Pruss provides carefully argued answers to controversial questions in Christian sexual ethics *The Pedagogical Seminary* ,1902 Vols 5 15 include Bibliography of child study by Louis N Wilson **The Second Mountain** David Brooks,2019-04-16 1 NEW YORK TIMES BESTSELLER Everybody tells you to live for a cause larger than yourself but how exactly do you do it The author of The Road to Character explores what it takes to lead a meaningful life in a self centered world Deeply moving frequently eloquent and extraordinarily incisive The Washington Post Every so often you meet people who radiate joy who seem to know why they were put on this earth who glow with a kind of inner light Life for these people has often followed what we might think of as a two mountain shape They get out of school they start a career and they begin climbing the mountain they thought they were meant to climb Their goals

on this first mountain are the ones our culture endorses to be a success to make your mark to experience personal happiness But when they get to the top of that mountain something happens They look around and find the view unsatisfying They realize This wasn't my mountain after all There's another bigger mountain out there that is actually my mountain And so they embark on a new journey On the second mountain life moves from self-centered to other-centered They want the things that are truly worth wanting not the things other people tell them to want They embrace a life of interdependence not independence They surrender to a life of commitment In *The Second Mountain* David Brooks explores the four commitments that define a life of meaning and purpose to a spouse and family to a vocation to a philosophy or faith and to a community Our personal fulfillment depends on how well we choose and execute these commitments Brooks looks at a range of people who have lived joyous committed lives and who have embraced the necessity and beauty of dependence He gathers their wisdom on how to choose a partner how to pick a vocation how to live out a philosophy and how we can begin to integrate our commitments into one overriding purpose In short this book is meant to help us all lead more meaningful lives But it's also a provocative social commentary We live in a society Brooks argues that celebrates freedom that tells us to be true to ourselves at the expense of surrendering to a cause rooting ourselves in a neighborhood binding ourselves to others by social solidarity and love We have taken individualism to the extreme and in the process we have torn the social fabric in a thousand different ways The path to repair is through making deeper commitments In *The Second Mountain* Brooks shows what can happen when we put commitment making at the center of our lives
