**Works** Mitchel B. Wallerstein,2024 Discover how one public higher education institution was able to succeed despite the  
many obstacles and challenges that it faced This is the story of how and why Baruch College of The City University of New  
York became a positive outlier overcoming serious financial constraints physical space limitations and other difficulties to be  
highly ranked academically and financially stable During a tumultuous time for public higher education Baruch has  
graduated tens of thousands of smart and striving individuals the majority of whom were the first in their family ever to  
attend college with little or no educational debt As the former president of the college Mitchel Wallerstein analyzes the  
lessons learned and he identifies the specific factors that explain Baruch s success He addresses the question of whether  
there is anything unique about Baruch s approach a secret sauce so to speak that accounts for its academic success and  
financial strength and he considers whether the Baruch model can be replicated by other public institutions Book Features  
Reviews the history of public higher education its development in the state of New York and the important role it has played  
in the economic development of the United States Presents a unique comparative analysis of 15 public higher education  
institutions in 6 states across the country comparing their strengths and standing in relation to one another and to Baruch  
College Explores the replicability and sustainability of the Baruch model in the context of other public higher education  
institutions across the country Reflects on the current and future challenges facing public higher education in the 21st  
century     N.A.A. Management Accounting ,1928     **Official Florida Statutes** Florida,2006     **Michigan Christian**
