A Management Sourcebook:

A Management Sourcebook. Edited by Franklin G. Moore. [By Various Authors.]. Franklin Given MOORE,1964

A Management Sourcebook Franklin G. Moore,1964 Compilation of articles on aspects of management personnel management and business organization with particular reference to the USA covers managerial job requirements management attitudes operational research scientific management management development decision making planning decentralization communication profit sharing etc Literature surveys and references **Managing for Responsibility**

Radha R. Sharma,Merrill Csuri,Kemi Ogunyemi,2017-02-08 The cascading effects of globalization in the form of changing business environment economic uncertainties and economic meltdown have brought about a plethora of unprecedented challenges for industry and organizations across the globe in recent years Management education which prepares human capital for industry is expected to address these challenges along with others such as intensifying competition advancing technology increasing workforce diversity and accelerating complexity Yet current management education is largely based on traditional capitalism where the focus tends toward profits and competitiveness rather than toward a balance among profitability responsibility social accountability and sustainability Consequently management education in general and MBA education in particular need to adopt a paradigm shift in order to be more responsible and sustainable The book contains contributions on the core management topics covered in general management organizational behavior ethics and social responsibility with a focus on responsible management Its chapters come from many authors in PRME schools from eight countries Hence it is expected to be useful to all the B schools across geographies that are interested in embedding responsibility in their management curriculum and teaching methodology **Integrated Project Management**

Sourcebook Mario Vanhoucke,2016-03-12 This handbook is a unique comprehensive resource for professional project managers and students in project management courses that focuses on the integration between baseline scheduling schedule risk analysis and project control also known as Dynamic Scheduling or Integrated Project Management and Control It contains a set of more than 70 articles Each individual article focuses on one particular topic and features links to other articles in this book where appropriate Almost all articles are accompanied with a set of questions the answers to which are provided at the end of the book This book is accompanied by and is based on the Project Management Knowledge Center www.pmknowledgecenter.com an online learning platform for Integrated Project Management **Information**
