**Paterson's The Assertiveness Workbook** Everest Media, 2022-03-26T22:59:00Z Please note This is a companion version not the original book Sample Book Insights 1 Assertiveness is about being there not about building a good disguise It is about developing the courage to take the disguise off and be yourself in a way that doesn't push others off stage 2 Assertiveness is all about being there It is about exposing your flaws irrational emotions and strange preferences to others It is not about forcing others to accept you but about inviting them to accept you as well 3 If you are looking for a way to be more assertive realize that you will have to put in the time and effort to change your behavior It may be difficult but it will be worth it in the long run 4 Record your practice sessions and play them back Then you can evaluate your style This is easier than trying to express yourself and evaluate your performance at the same time *Development of Life Skills and Professional Practice* Verma Shalini, Life skills are essentially individual abilities that help in promoting mental well being and competence in
