## **Breaking Point 1st Edition:**

**Breaking Point** Kristen Simmons,2013-02-12 The second installment in Simmons fast paced gripping dystopian series that begins in Article 5

**Breaking Point** Jess Bowen,2010-11-23 Phoebe Johnson and Ethan Smith had everything they needed loving parents great friends and admission letters to Ivy League schools they'd be heading to in the fall If only they knew that they were never going to reach the end of that summer at least not in the world they knew A secret waits to be revealed on the eve of their nineteenth birthday a secret that is going to change their lives forever when it leads them to a place they never believed existed love they could never imagine living without and power they never suspected they possessed Jess Bowen expertly plunges readers into an imaginative supernatural world that refuses to bow down to the darkness that's all but taken over Amidst this adventurous quest for a lost prophecy Bowen weaves in powerful tales of love that will leave the characters and readers breathless

**Breaking Point** Dana Haynes,2011-11-08 Haynes is a gifted writer who grabs you on page one and doesn't let you go until the final page Nelson DeMille Three NTSB experts people brought in to help investigate whenever a plane goes down find themselves victims and witnesses rather than investigators when the plane they are on crashes En route to a conference three NTSB experts known to insiders as Crashers Tommy Tomzak a pathologist from Texas Kiki Duvall a sound engineer and former naval officer and Isaiah Grey investigator and former FBI agent are aboard a twin turbo prop plane when just outside of Helena Montana the plane crashes into a thickly forested mountainside But the crash isn't an accident it was brought down on purpose and the Crashers weren't the target The plane was brought down by mercenaries led by an enigmatic shadowy self-described patriot known only as Calendar using weapons technology banned by international treaty The targets three men who planned to blow the whistle on the weapons technology and the power brokers behind its development In a twisty compelling thriller that goes from the streets of Spain to the mountains of the western United States to the heart of the dark hidden corridors of power where there are dangerous secrets that few suspect and fewer know the Crashers are literally dropped in the middle of a case that neither starts nor ends with a plane crash with some of their own on board A new team of Crashers fights time as a fire rages ever closer to the wreckage conflicting and confusing evidence and unpredictable outside forces trying to prevent them from uncovering the truth With allies unseen and even unknown working behind the scenes to help them the team is trapped in the midst of a high stakes game of cat and mouse with the deadliest of consequences a game that not all of them will survive

*At the Breaking Point of History* Janet Phelan,2021-09-14 Today we find ourselves embroiled in the midst of a pandemic one which has collapsed economies caused death by starvation and has resulted in severe new restrictions on civil rights in the US and elsewhere Numerous medical professionals and researchers are questioning the genesis of the Covid 19 agent whether or not it was bioengineered and deliberately released and are also questioning the course taken to shut down whole countries and demand that people stay at home Questions have also been raised as to the verifiability of the numbers alleged to have died from this

novel coronavirus pointing to dictates from the CDC to list deaths not directly caused by the virus as virus caused deaths In the midst of this chaos these articles written long before the Covid 19 pandemic point to a monstrous political agenda implicating media government and foreign nations in the plan to launch this As the country begins to reopen the trajectory of these articles should result in grave concern for what the future may hold *Breaking Point* Martha Nibley Beck,1997 Much as Gail Sheehy did in *Passages* Dr Beck articulates a common signpost in women s lives explaining the five stages which characterize how women arrive at their breaking point how their age defines their experience and how they can transcend crisis and move on to redefine their lives **Publishers' Circular and Booksellers' Record of British and Foreign**
