**Bridges** Judith Dupré, 2017-11-07 From New York Times best selling author Judith Dupré offers a revised and updated edition of *Bridges* her magnificent chronological tour of the world's most significant and eye popping spans. Covering thousands of years of architectural history each bridge is gorgeously photographed elevating the landmarks from mode of transportation to works of art. Bustle Technological advances structural daring and artistic vision have propelled the evolution of bridge design around the world. This visual history of the world's landmark bridges has been thoroughly revised and updated since its initial publication twenty five years ago and now showcases well known classics as well as modern innovators. *Bridges* featured include The Brooklyn Bridge New York Dany and Kunshan Grand Bridge China Gateshead Millennium Bridge England The Golden Gate Bridge San Francisco Zakim Bridge Boston Including all new photographs and the latest cutting edgework from today's international superstars of architecture and engineering. *Bridges* covers two thousand years of technological and aesthetic triumphs making it the most thorough authoritative and gorgeous book on the subject as dramatic in presentation as the structures it celebrates. Breathtaking photographs capture the bridges details as well as their monumental scale architectural drawings and plans invite you behind the scenes as new bridges take shape and lively commentary on each structure explores its importance and places it in historical context. Throughout informative profiles features and statistics make *Bridges* an invaluable reference as well as a visual feast.
