## **Comprehensive Grammar:**

*A Comprehensive Grammar of the English Language* Randolph Quirk, 1985 From the time when we started collaborating as a team in the 1960s we envisaged not a grammar but a series of grammars In 1972 there appeared the first volume in this series *A Grammar of Contemporary English GCE* This was followed soon afterwards by two shorter works *A Communicative Grammar of English CGE* and *A University Grammar of English UGE* published in the United States with the title *A Concise Grammar of Contemporary English With A Comprehensive Grammar of the English Language* we attempt something much more ambitious a culmination of our joint work which results in a grammar that is considerably larger and richer than GCE and hence superordinate to it Yet as with our other volumes since GCE it is also a grammar that incorporates our own further research on grammatical structure as well as the research of scholars worldwide who have contributed to the description of English and to developments in linguistic theory Preface
