Amerikastudien course Crime Fiction language English abstract Holmes is dead he said I have done with him Conan Doyle Dead From Heart Attack Sir Arthur Conan Doyle must have felt at times like the sorcerer s apprentice in Johann Wolfgang von Goethe s famous poem unable to rid himself of the spirits he had conjured up The Scot s literary oeuvre comprises up to 200 individual publications ranging from historical novels like Micah Clarke 1889 the science fiction classic The Lost World 1912 poetry and a wide selection of short stories to non fictional works on spiritualism colonial Africa and memoirs Keulks But the diversity of the Conan Doyle canon reflects not only the author s eclectic intellectual interests and approaches to his profession but also attempts to counteract the popularity of one specific brainchild Sherlock Holmes Keulks It might not be quite how the author had hoped to be remembered but the adventures involving the sleuth and Doctor Watson ensured that his literary legacy continues to thrive and inspire the works of others to the present day On the following pages one particular piece of proof for Holmes continued popularity the immensely successful television format Sherlock is examined by putting it into context with other preceding types of Conan Doyle adaptations and comparing the 2010 film version of the detective s first case entitled A Study in Pink to its source text After focusing on the representation of the main characters and their defining traits in both media forms as well as the relationships they share with each other and supporting characters that appear over the course of the story the paper then adds final remarks on the process of modernization and cultural modification of not only Conan Doyle s A Study in Scarlet and its protagonist but also the contemporary movie series for an American audience
