Children with Visual Impairments Alec Webster,João Roe,1998 This book sets out a basis for addressing the individual needs of children with a wide range of visual impairments It includes a comprehensive range of strategies for enabling early exploration concept building language and literacy

Seeing with Your Fingers Sheila Stewart,2014-09-29 People who can see with their eyes find it hard to imagine what life must be like for those with blindness or visual impairment For thousands of kids though this is a reality While some are born with blindness or some type of visual impairment others lose their sight later on because of a disease infection or injury For kids with blindness or visual impairment life presents a unique set of challenges Overcoming these challenges is easier with the help of adaptive technologies but also with the understanding of friends and family who know that just because a kid is dealing with blindness or visual impairment doesn't mean he isn't still a regular kid

Blindness and Children David H. Warren,1994-08-26 This study concludes that many aspects of delayed development are not the result of visual impairment itself but rather of environmental variables that tend to accompany it after summarizing and interpreting the research literature on infants and children with visual impairments

Teaching Children with Visual Impairments Anthony B. Best,1992

Early Focus Rona L. Pogrud,Diane L. Fazzi,American Foundation for the Blind,2002 Book provides clear descriptions of early intervention techniques with blind and visually impaired children and stresses the benefits of family involvement and transdisciplinary teamwork Practical applications and strategies relating to cognitive and language development orientation and mobility social skills early intervention and program development are presented to integrate current practices in one convenient source Valuable information on working with families of various ethnic minority groups is detailed as are useful descriptions of how teams can work most effectively Includes extensive resource and readings sections

Children with Visual Impairments M. Kay Holdbrook,1993

Visual Impairment Heather Mason,Stephen McCall,2013-05-24 First published in 1998 This book embodies the positive philosophy that children with a visual impairment are entitled to access to the full national curriculum during their school years In the UK education placements for pupils and students with special needs range across a continuum from special schools and colleges with day or residential attendance to specialist units or individual integration into mainstream provision Placement results from inter disciplinary assessment and

consultation and requires parental agreement Lack of sight and measurably impaired vision constitute special needs in educational terms The writers who have contributed to this major text are teachers and lecturers from both the specialist and mainstream areas of provision and have considerable first hand experience in teaching pupils and students with a visual impairment

Skills for Success Karen E. Wolffe,1999 This innovative handbook offers special education teachers career counselors and parents a comprehensive range of tested techniques and strategies to help youngsters who are blind or visually impaired begin to build the skills they need for successful careers It introduces specific activities for preparing visually impaired children from preschoolers through middle school for the next level of schooling and to become independent in daily life confident about their career choices and skillful on their future jobs

Essential Elements in Early Intervention: Visual Impairment and Multiple Disabilities, Second Edition Deborah Chen,2014-01-17 Essential Elements in Early Intervention is a complete sourcebooks and guide for early interventionists teachers of students with visual impairments and other professionals who work with young children with visual impairments dual sensory impairments and multiple disabilities It includes comprehensive information on vision and hearing examinations functional vision and hearing assessments and effective methods of providing early intervention services The new edition includes expanded updated information on federal special education legislation best practices in early intervention evidence based outcomes and the role of the early interventionist as well as strategies for working with families and educational teams successfully

Everyday Activities to Promote Visual Efficiency Ellen Trief,Rona Shaw,2009 Early intervention services are essential for infants and toddlers who are visually impaired and have some functional vision that they will be able to use for everyday activities not only to ensure their early development but also to help them learn to use their vision with maximum effectiveness right from the start *Everyday Activities to Promote Visual Efficiency* offers guiding principles for early intervention with very young children who are visually impaired and who may also have additional disabilities This important new resource provides simple activities that can be incorporated easily by families and service providers into the everyday routines of a baby or child to facilitate early visual development and use of functional vision

Foundations of Education: History and theory of teaching children and youths with visual impairments M. Cay Holbrook,Alan J. Koenig,2000

Children with Visual Impairments Joao Roe,Alec Webster,2002-11-01 This book is aimed at the mainstream class teacher who has little or no experience of providing effective learning experiences for children with visual impairments It is designed both as an introductory guide to assessment and provision It also has a strong focus on social interactions since many teachers are confused as how to help children with visual impairments make friends The book sets out the basis for addressing the individual with a wide range of visual impairments Chapters cover the identification and assessment of aspects of vision visual impairment and individual needs practical advice on the development of concepts language and literacy and social skills the use of low vision aids appropriate decor and physical layouts lighting and IT educational policy and the Code of

Practice Drawing on very recent research this book presents new insights into the needs of children with visual impairments as learners arguing that it is the quality of the child s social interactions which promotes play language and learning

Including Children with Visual Impairment in Mainstream Schools Pauline Davis,2013-08-21 First Published in 2003 This book provides guidance to teachers teaching assistants service staff parents and other professionals regarding the inclusion of children with visual impairments in mainstream primary schools Rich and detailed case studies of inclusion in four schools are used to enable the development of an understanding that is grounded in the contexts and circumstances of real schools Whilst focus is on children with visual impairments many of the themes running through the book hold resonance in relation to thinking about the inclusion of other children with special educational needs
