CHINA

Alive in the Bitter Sea

Compelling, highly acclaimed, *China: Alive in the Bitter Sea* is the most vivid portrayal of China and its people yet presented to the Western world. Pulitzer Prize-winning journalist Fox Butterfield, the first *New York Times* correspondent permitted to live in Peking since the 1949 revolution, has broken China's great wall of silence to give us this extraordinary portrait of a people, startling in its revelations, and filled with remarkable and poignant stories of the real China. With a deep warmth and affection for the Chinese people, Fox Butterfield takes us into their homes, their lives and their dreams. Young lovers, farmers, factory workers, intellectuals and the terrorized victims of the Cultural Revolution dispel the rosy myth of China's official smiling faces to portray a dark, fearful nation where a pervasive police state regulates every aspect of life—including sex and marriage. Here are the contradictions of China's "classless" Communism: the limousines and banquets of party bosses; the bungling of an unwieldy bureaucracy; the ingenuity of individuals getting things done "through the back door"; and the indomitable spirit of the masses.

A landmark, moving evocation of a people and a culture, a never-to-be-forgotten journey into a China off-limits to most foreigners...

China: Alive in the Bitter Sea is:

"The best book on contemporary China... Butterfield illuminates virtually every corner of Chinese life... A deadly accurate portrait... Superb." —*Library Journal*

"A first-rate foreign correspondent's book — vivid, lively, intelligent and informative." —*The New Yorker*

"Informative, disturbing, poignant and absorbing... personal encounters with individual Chinese that are almost unprecedented for any American journalist in recent times. It is a testament to Mr. Butterfield's skill in reporting, his training in Chinese studies and his personal commitment to China." —*The New York Times Book Review*

Of this masterful work, Barbara Tuchman says, "With the incomparable advantage of speaking the language... Fox Butterfield gives us a unique report on the present state of China."
