Chinese Buddhism:

Chinese Buddhism Chün-fang Yü, 2020-06-30 What are the foundational scriptures and major schools for Chinese Buddhists What divinities do they worship What festivals do they celebrate These are some of the basic questions addressed in this book the first introduction to Chinese Buddhism written expressly for students and those interested in an accessible yet authoritative overview of the subject based on current scholarship After presenting the basic tenets of the Buddha s teachings and the Chinese religious traditions the book focuses on topics essential for understanding Chinese Buddhism major scriptures worship of buddhas and bodhisattvas rituals and festivals the monastic order Buddhist schools such as Tiantai and Chan Buddhism and gender and current trends notably humanistic Buddhism in Taiwan and the resurgence of Buddhism in post Mao China Each chapter ends with discussion questions and suggestions for further reading A convenient glossary of common terms titles and names is included *Toward a Modern Chinese Buddhism* Don Alvin Pittman, 2001-01-01 The Venerable Master Taixu 1890 1947 is the most important and controversial Chinese Buddhist reformer of the 20th century This work focuses on his teachings and provides an interpretation of Taixu s aims and the diverse controversies that surrounded him **Mothers and Sons in Chinese Buddhism** R. Alan Cole, 1998-07 Based on close readings of more than twenty Buddhist texts written in China from the 5th to the 13th century this book demonstrates that Buddhist authors crafted new models for family reproduction based on a mother son style of filial piety in contrast to the traditional father son model NAN N *The Iconography of Chinese Buddhism in Traditional China: Han to Liao* H. Wawrytko, 2019-01-31 Too often Buddhism has been subjected to the Procrustean box of western thought whereby it is stretched to fit fixed categories or had essential aspects lopped off to accommodate vastly different cultural norms and aims After several generations of scholarly discussion in English speaking communities it is time to move to the next hermeneutical stage Buddhist philosophy must be liberated from the confines of a quasi religious stereotype and judged on its own merits Hence this work will approach Chinese Buddhism as a philosophical tradition in its own right not as an historical after thought nor as an occasion for comparative discussions that assume the west alone sets the standards for or is the origin of philosophy and its methodologies Viewed within their own context Chinese Buddhist philosophers have much to contribute to a wide range of philosophical concerns including metaphysics epistemology ethics philosophy of language philosophy of mind and philosophy of religion even though Western divisions of philosophy may not exhaust the rich contents of Chinese Buddhist philosophy **A History of Chinese Buddhist Faith and Life** Kai Sheng, 2020-06-15 The goal of this book is to study the ways in which Chinese Buddhists expressed their religious faiths and how Chinese Buddhists interacted with society at large since the Northern and Southern dynasties 386 589 through the Ming 1368 1644 and the Qing 1644 1911 up to the Republican era 1912 1949 The book aims to summarize and present the historical trajectory of the Sinification of Buddhism in a new light
