Apocalypse And Semitic Syntax:

The Apocalypse and Semitic Syntax Steven Thompson, 1985 **A Theology of Revelation** J. Scott Duvall, 2025-03-25

A Theology of Revelation by J Scott Duvall in Zondervan's Biblical Theology of the New Testament series provides a comprehensive look at the theology of John's Apocalypse. One of only a few dedicated theologies of Revelation, Duvall's book leaves no stone unturned in the study of the final book of the Christian canon of Scripture. This thoroughly researched study includes an investigation into the historical framework of the book, authorship, date, and occasion, and purpose; a survey of literary, theological, foundations, genre, text, and canonicity; grammar and symbolic language use of the Old Testament; literary structure and interpretation; and a full literary theological reading of the book, culminating in an exploration of the book's most significant theological themes: God, Jesus Christ, the Holy Spirit, the people of God, worship, discipleship, salvation, God's judgment of evil, and the new creation. Readers will find here a study that is clearly written, attentive to the historical literary context, with special attention given to the primary theological themes in the book. Perhaps above all, readers will have their hope in God and his amazing plan reinforced and strengthened.

BAGL is a refereed online and print journal dedicated to distributing the results of significant research in the area of linguistic theory and application to biblical and ancient Greek, and is open to all scholars, not just those connected to the Centre and the OpenText.org project.

The War Between the Two Beasts and the Two Witnesses Tony Siew, 2005-08-07

Siew seeks to examine the events that will unfold within the three and a half years before the dawn of the kingdom of God on earth. He argues that John composed the textual unit of Rev 11:1-14:5 as a coherent and unified literary unit structured in a macro chiasm. He pays special attention to the fusion of form and content and seeks to elucidate how the concentric and chiastic pattern informs the meaning of the literary units within 11:1-14:5 and proposes that the text of 11:1-14:5 is best analyzed using Hebraic literary conventions, devices, and compositional techniques such as chiasm, parallelism, parataxis, and structural parallelism. The macro chiastic pattern provides the literary structural framework for John to portray that the events of the last three and a half years unfold on earth as a result of what transpires in heaven. Specifically, the war in heaven between Michael and the dragon has earthly ramifications. The outcome of the heavenly war, where Satan is defeated and thrown out of heaven to earth, results in the war on earth between the two beasts of Rev 13 and the two witnesses of Rev 11. The narrative of the war in heaven, 12

7 12 is seen as the pivot of the macro chiastic structure. Sieu pays close attention to the time period of the three and a half years as a temporal and structural marker which functions to unite the various units in 11 1 14 5 into a coherent and integral whole. The events of the last days will be centred in Jerusalem.

The Book of Revelation G. K. Beale, 2013-09-07. This commentary series is established on the presupposition that the theological character of the New Testament documents calls for exegesis that is sensitive to theological themes as well as to the details of the historical, linguistic and textual context. Such thorough exegetical work lies at the heart of these volumes which contain detailed verse by verse commentary preceded by general comments on each section and subsection of the text. An important aim of the NIGTC authors is to interact with the wealth of significant New Testament research published in recent articles and monographs. In this connection, the authors make their own scholarly contributions to the ongoing study of the biblical text. The text on which these commentaries are based is the UBS Greek New Testament edited by Kurt Aland and others. While engaging the major questions of text and interpretation at a scholarly level, the authors keep in mind the needs of the beginning student of Greek as well as the pastor or layperson who may have studied the language at some time but does not now use it on a regular basis.

Studies in the Book of Revelation Steve Moyise, 2002-02-01. General and scholarly interest in Revelation has never been greater. This is a specially commissioned set of state of the art studies on the most important aspects of Revelation and its significance for the 21st century by the world's leading scholars. The studies can be grouped in relation to three main themes: strategies of interpretation, theological, literary, feminist, metaphorical, the nature of the violent imagery and passages of particular interest, the letter to Laodicea, praise and politics, Old Testament allusions, the second coming of Christ. This book will provide an invaluable resource for researchers.
