They come in many varieties, including the standard dachshund, the miniature dachshund, and the long-haired dachshund. They are known for their intelligence, loyalty, and affectionate nature. They are also typical hounds, so they can be a bit stubborn and sometimes slow to housetrain or too fond of the sound of their own bark. The trick is to persuade them that what YOU want them to do is actually what THEY want to do when it comes to training. Dachshunds think differently to other dogs. The information in this book will change your canine into a blissful, dependable, and sure buddy you can take anywhere and realize that he will answer enthusiastically and happily. Their funny bodies, with their short little legs, floppy ears, and pleading eyes, make Dachshunds irresistible even to people who claim to dislike small dogs. Also, Dachshunds are natural clowns. They can keep a room in stitches with their antics and coax one more dog cookie out of the strictest disciplinarian. In addition, Dachshunds are great with kids, love to play, and can be extremely affectionate. On the other hand, Dachshunds can sometimes be very willful and hard to train, often bark a lot, and can rival a Labrador Retriever in their ability to dismantle your furniture. Is this playful and inquisitive breed the right dog for you and your family? *Dachshunds For Dummies* provides the answer to this and all your questions about getting, caring for, and living with this unique breed.
