Poulter, Ph.D., 2010-12 The father factor is the conscious understanding awareness and appreciation of the critical influence that your father had still has or could have in your career development and future potential Noting that the father son or father daughter relationship is one of the least understood relationships in adult life Dr Poulter helps you become acutely aware of the immeasurable impact negative or positive that your father has on your ability to relate to other people From this recognition you will also learn to move past the career roadblocks that frequently stem from the lingering effects of your father's influence Defining five main styles of fathering Dr Poulter devotes a chapter each to The Superachiever Father The Time Bomb Father The Passive Father The Absent Father whether physically or emotionally The Compassionate Mentor Father By becoming aware of how your father related to you particularly in a destructive relationship you'll understand how your career relationships in many ways mirror your degree of comfort with your father's emotional legacy In this way career roadblocks often based on interactions with people on the job will be more easily transformed into career building blocks that will lead to advancement and success *The Bear Handbook* Ray Kampf, 2000 **The Bear Book** Les Wright, 2013-12-02 The Bear Book brings together an impressive range of bear usually big hairy men who favor full face beards and prefer to wear jeans and flannel shirts viewpoints to explore this unique social and cultural phenomenon that stretches from America to western Europe to Australia On the personal level you learn what beardom means to different people in their daily lives and on a broader level its cultural implications for not only the gay community but also society as a whole As this book moves across the wide spectrum of bear identities you learn about the defining forces of identity the significance of differences among masculinities and the shapings of the bear movement from different viewpoints The Bear Book is the first compilation of sociological and cultural analytical investigations of the contemporary gay bear phenomenon To this end Editor Les Wright brings together both objective and subjective viewpoints to create a forum where bears can speak for themselves Through their voices you'll learn about bears and sexual identity gay male iconography socializing on the Internet sexual politics gender class looks ism and body image gay mass media the single most powerful force in the current construction of bears bears power and glamor bear as image vs bear as attitude Gays lesbians lesbian scholars bears and social scientists are sure to find The Bear Book thought provoking and insightful as it broaches questions such as Are bears caught up in a utopian romantic impulse to reinvent themselves What was radical lesbianism's impact on the bear movement To what extent are bears only another group of exploited consumers in a fragmented market system And is it possible to establish social liberation through enslavement to your sexual passions For both your pleasure and your education The Bear Book examines

nearly every corner of beardom including bear history identity social spaces iconography and its constituency abroad

**The Father Factor** Kenneth Osborne,2015-05-05 Families today come in many different shapes While father absence is a significant problem the present father brings with him many challenges and opportunities for family life in America Fatherhood has many looks but there is one common theme in many instances A desire by the father to have a positive impact in his child s life Whether the father shows up on a daily and consistent basis or is there only on occasion he is a factor Kenneth OsborneIn *The Father Factor What Happens When Daddy Is Home* Kenneth L Osborne explores the reality of fatherhood in America The changing family means acknowledging that multiple family structures exist and that fatherhood is not a homogenous one size fits all experience nor should there be one and the same expectation of all fathers Instead Osborne discusses the various ways fathers can show up from super engaged to hanging out on the fringes of their children s lives and how the various ways fathers show up affect their families and children From the single dad to the stepdad to the gay dad to the married and at home dad to the cohabitating dad to the incarcerated dad to the divorced dad these men make up the tapestry of fathers In a day when father absence is expensive in social emotional psychological financial and other ways it s time to embrace and encourage the fathers who dare to show up even in their imperfect ways After all we know what happens when dad is away but let s consider what it means when he is around Let s discuss **The Father Factor** **Do Fathers Matter?** Paul Raeburn,2014-06-03 In *Do Fathers Matter* the award winning journalist and father of five Paul Raeburn overturns the many myths and stereotypes of fatherhood as he examines the latest scientific findings on the parent we ve often overlooked Drawing on research from neuroscientists animal behaviorists geneticists and developmental psychologists among others Raeburn takes us through the various stages of fatherhood revealing the profound physiological connections between children and fathers from conception through adolescence and into adulthood and the importance of the relationship between mothers and fathers In the process he challenges the legacy of Freud and mainstream views of parental attachment and also explains how we can become better parents ourselves [www Amazon com](http://www.Amazon.com) *The Father Factor* Peter O'Shea,Robert Falzon,2014 *The Father Factor* prompts the reader to consider the evidence on what drives success and happiness What emerges from the research is the finding that the relationships with the father and the mother tend to powerfully affect long term happiness financial success and work success The resolution of one s relationships with father and mother then is pivotal to the pursuit of success and happiness Because father child relationships have tended to break down more dramatically in contemporary society than mother child ones this book gives particular emphasis to father child ones In seeking to help the reader to resolve the crucially important relationships with parents and navigate the journey to wholeness the book provides various evidence based strategies illuminating case studies and links to useful resources **Field and Stream** ,1922 *I am Your Father* Mark Stibbe,2012-09-12 We live in an increasingly fatherless society Fatherless children are far more likely to be criminals or victims In January 2009 Mark quit as the senior leader of a
