**Industrialisation of Soviet Russia 3: The Soviet Economy in Turmoil 1929-1930** R. W. Davies, 1989-05-05 In 1929-30 the seminal year of the first five year plan a vast investment programme began the transformation of the Soviet Union from a peasant country into a great industrial power This book the third part of The Industrialisation of Soviet Russia re-examines the breakdown of the mixed economy In those days of heroism and enthusiasm hunger and repression crucial Soviet economic and political institutions were established and are only now being effectively challenged by Gorbachev's revolution While complementing the previous two volumes of this author's work the book is designed to be read independently It sheds new light on a dramatic moment in Soviet history and in the formation of the Soviet system Socialism, Economics and Development Alec Nove, 2011 First published in 1986 this text brings together a selection of papers written by the great Alec Nove on development economics Marxist economies the Soviet economy and law and politics in the Soviet Union Reflecting the varied and diverse interests of its distinguished author the topics range from Soviet constitutional law to Trotsky's view of collectivization from a critique of conventional micro economics to the economic disaster of the Allende regime in Chile The author's long standing immersion in the past and present of the Soviet Union helps to provide the unique insights into the workings of Socialist economies characteristic of Professor Nove's previous work This volume should be essential reading for anyone interested in development economics socialist economies or the problems facing contemporary Soviet economic reformers Soviet Economic Power Robert Wellington Campbell, 1960 **The Rise and Fall of the Soviet Economy** Philip Hanson, 2014-09-11 Why did the Soviet economic system fall apart Did the economy simply overreach itself through military spending Was it the centrally planned character of Soviet socialism that was at fault Or did a potentially viable mechanism come apart in Gorbachev's clumsy hands Does its failure mean that true socialism is never economically viable The economic dimension is at the very heart of the Russian story in the twentieth century Economic issues were the cornerstone of Soviet ideology and the Soviet system and economic issues brought the whole system crashing down in 1989-91 This book is a record of what happened and it is also an analysis of the failure of Soviet economics as a concept
