

The Devil's Lieutenant

A NOVEL BY M. FACIENS

Devils Lieutenant

Richard Baxter

Devils Lieutenant:

Devil Theatre Jan Frans van Dijkhuizen, 2007 The so called Devil Theatre is here set against its context of non dramatic texts on possession and exorcism providing many new insights Representations of demonic possession and exorcism rituals abound in English Renaissance drama an area which this book seeks to illuminate by comparison with non dramatic works The author investigates stage images of possession in relation to a range of early modern demonological theological and medical prose texts on the subject looking specifically at how the theatre responded to these texts He argues that the stage appropriated debates over demonic possession to explore the competing roles of the inner life and the body in early modern definitions of selfhood The theatre also employed the contemporary controversy over possession and exorcism to investigate the politics of religion and to consider the nature of monarchic power Moreover because demonic possession cases and exorcism rituals were frequently dismissed by conformist writers as a piece of theatre they offered an opportunity to reflect on the nature of drama and role playing JAN FRANS VAN DIJKHUIZEN is lecturer and research fellow at the University of Leiden *Biennial Report - Adjutant General's Department, State of North Dakota* North Dakota.
