Changes Orders Becomings:

Becoming an Ex Helen Rose Fuchs Ebaugh, 2013-11-22 The experience of becoming an ex is common to most people in modern society Unlike individuals in earlier cultures who usually spent their entire lives in one marriage one career one religion one geographic locality people living in today's world tend to move in and out of many roles in the course of a lifetime During the past decade there has been persistent interest in these passages or turning points but very little research has dealt with what it means to leave behind a major role or incorporate it into a new identity Helen Rose Fuchs Ebaugh's pathbreaking inquiry into the phenomenon of becoming an ex reveals the profundity of this basic aspect of establishing an identity in contemporary life Ebaugh is herself an ex having left the life of a Catholic nun to become a wife mother and professor of sociology Drawing on interviews with 185 people Ebaugh explores a wide range of role changes including ex convicts ex alcoholics divorced people mothers without custody of their children ex doctors ex cops retirees ex nuns and perhaps most dramatically transsexuals As this diverse sample reveals Ebaugh focuses on voluntary exits from significant roles What emerges are common stages of the role exit process from disillusionment with a particular identity to searching for alternative roles to turning points that trigger a final decision to exit and finally to the creation of an identity as an ex Becoming an Ex is a challenging and influential study that will be of great interest to sociologists mental health counselors members of self help groups such as Alcoholics Anonymous and Parents Without Partners those in corporate settings where turnover has widespread implications for the organization and for anyone struggling through a role exit who is trying to establish a new sense of self

The Alchemy of Becoming Diane Fulford, Karen Diguier, 2023-09-26 This is a book to be experienced not simply read The Alchemy of Becoming series sets out a methodology that empowers you to raise your level of consciousness to levels never imagined possible The first book and level of this process Being of Truth laid a foundation of authenticity and personal truth In this second installment Being of Love the journey continues as you discover that love is not just a feeling or emotion but rather a powerful life enhancing and life creating force Level 1 reframed fear to trust In Level 2 love is claimed over and beyond fear This is transformation Not just inspiration but transformation to a state of higher consciousness available to us all Einstein claimed that no problem can be solved from the same level of consciousness that created it It is only in higher consciousness that the intractable issues of our times can be addressed This applies equally to our individual lives be it our health relationships and to our sense of worth and well being Higher consciousness takes you from life happening to you to life happening by you and expressed as you The seven stage alchemic process is the framework for transformation and while the process is universal no two people will have the same experience The experience is personalized to you meaning that it is aligned to your unique vibrational makeup This is a powerful affirming aspect of this methodology as what is revealed to you can only be known by you It all starts with you Transforming yourself to be the alchemist of your own life while serving as a gateway for the change our world so desperately needs **Becoming a**

Sustainable Organization Kristina Kohl,2016-04-21 Organizations find that a performance gap exists between sustainability vision and benefits realization Effecting transformational change requires incorporating sustainability into organization s culture including policies processes and people Although they are often overlooked project management professionals and HR professionals are valuable Becoming a Transformative Leader from the Inside Out Renee Owen,Christine Mason,2025-11-27 Becoming a Transformative Leader from the Inside Out is written for both emerging and veteran school leaders who want to transform our education system to one where everyone thrives The Inside Out Transformative Leadership Model is a journey of development starting with self transformation and expanding outward to transform our schools and positively influence society Along the way Dr Owen and Dr Mason share authentic and vulnerable stories of leading schools making the lessons memorable Written to be used in leadership courses and professional development Becoming a Transformative Leader from the Inside Out is based on neuroscience systems thinking and holistic philosophy But it is so much more than theory Filled with activities and directly applicable directions and actionable ideas it will change your life improve your relationships and impact your school and community Becoming a Social Justice Leader Phil Hunsberger,Billie Mayo,Anthony Neal,2016-01-29 This important book helps school leaders let go of a comfortable mindset and enter a world of courageous conversations that examine and challenge the impact of racism and other forms of oppression on disciplinary patterns instructional practices and school policies Authors Hunsberger Mayo and Neal prepare you to address these difficult issues though authentic critical discourse The book includes classroom activities and facilitation tips to help prompt systematic changes in schools through improving instruction supporting inclusiveness and strengthening student engagement After reading Becoming a Social Justice Leader you ll be able to Design conversations that support participant engagement and create a safe environment for discussion Explore personal dispositions attitudes and stances that contribute to systemic oppression Understand how oppression is established and sustained in order to enact change Create alliances within school settings to foster dialogue and combat oppression Additional worksheets that help educators examine and expand their work as social justice leaders are also available for download <http://www.routledge.com/products/9781138957749> The Changing Order Oscar Lovell Triggs,1905 Order and Organism Murray Code,1985-06-30 What is now needed is a way of thinking about the physical that is realistic in outlook but which departs radically from the mechanistic post Galilean tradition Since it seems clear that we can no longer take for granted the certainty and absolute objectivity of scientific knowledge any alternative view must be able to do full justice to subjective modes of knowing Order and Organism shows how Alfred North Whitehead s thought can reconcile some of the most insistent demands of common sense with the esoteric results of modern physics and mathematics Whitehead shows a way to resolve the perennial puzzle of why mathematics works Under his view it is possible to account for the necessity and uniqueness of mathematical theories without denying the fact that such theories often arise from the mathematician s essentially aesthetic interest in various
