Devout Sceptics:

Devout Sceptics Bel Mooney, 2004-09-16 This volume from the Radio 4 series *Devout Sceptics* explores the question is there a God Bel Mooney draws together its themes in a thought provoking introduction and guests include Ben Okri Joanna Trollope John Cleese Clare Short and Philip Pullman *Devout Sceptics* Bel Mooney, 2003 Radio 4 s award winning series *Devout Sceptics* has attracted a large audience fascinated by one of the biggest questions human beings ask is there a God A wide range of distinguished guests discuss in fascinating ways the spiritually testing territory between faith and doubt through analysis as well as personal revelation and reflection In a thought provoking introduction Bel Mooney draws together the themes of the book making this a truly illuminating and timely examination of our contemporary suspicion of organised religion but which nevertheless recognises and explores the perennial human urge to reach out for meaning beyond the merely material or secular Guests include Ben Okri Professor Paul Davies Joanna Trollope Dr Jonathan Miller John Cleese Clare Short Philip Pullman and Susie Orbach **Cognitivity of Religion** J. Kellenberger, 1985-06-18 *A Sceptic's Guide to Atheism* Peter S Williams, 2013-09-01 This is an accessible response to the contemporary anti God arguments of the new atheists Dawkins Dennett Harris Hitchens Grayling etc Atheism has become militant in the past few years with its own popular mass media evangelists such as Richard Dawkins and Daniel Dennett In this readable book Christian philosopher Peter S Williams considers the arguments of the new atheists and finds them wanting Williams explains the history of atheism and responds to the claims that belief in God causes more harm than good religion is about blind faith and science is the only way to know things science can explain religion away there is not enough evidence for God the arguments for God s existence do not work Williams argues that belief in God is more intellectually plausible than atheism *Sceptical Christianity* Robert Reiss, 2016-06-21 Thinking critically about Christianity today means taking the sceptics seriously Following the tradition of authors of the last century Robert Reiss engages sympathetically with people s religious doubt resulting in a thought provoking book about what it means practically to be Christian today **Post-Truth, Scepticism & Power** Stuart Sim, 2019-04-02 This book examines the concept of post truth and the impact it is having on contemporary life bringing out both its philosophical and political dimensions Post truth is contextualised within the philosophical discourse of truth with particular reference to theories of scepticism and relativism to explore whether it can take advantage of these to claim any intellectual credibility Sim argues that post truth cannot be defended on either sceptical or relativistic grounds even those provided by recent iconoclastic philosophical movements such as poststructuralism and postmodernism The affinity between post truth and conspiracy theory is emphasised and the extent to which post truth plays a role in religious doctrine is also considered Post truth is seen to constitute a threat to liberal democratic ideals and our Enlightenment heritage raising the question of whether we are moving into a post liberal age where the far right would hold power To prevent this post truth urgently needs to be countered **The Way of Wisdom** Margaret Silf, 2013-03-25 This
