Communion In The Messiah:

Communion in the Messiah Lev Gillet,2003-02 This challenging book develops two main themes the substitution of dialogue for the one sided mission to the Jews and the communion of Jews and Christians in the one Messiah

Communion in the Messiah Un Moine de l'Église d'Orient,1942 **Stones the Builders Rejected** Mark S. Kinzer,2024-06-04 Since the groundbreaking publication of *Postmissionary Messianic Judaism* 2005 Mark Kinzer has challenged theologians and religious leaders to consider the essential ecumenical vocation of Jewish disciples of Jesus Proposing a bilateral ecclesiology in solidarity with Israel he argued that the overcoming of Christian supersessionism required a robust affirmation of the distinctive calling of Jews within the community of Jesus the Messiah In this way Kinzer s work put the issue of Jewish followers of Jesus on the theological agenda for those seeking a reparative reconfiguration of the relationship between the church and the Jewish people In recent years Kinzer has attended to the theological implications of this perspective and has widened his focus to include not only the Messianic Jewish movement but also Jews within Catholic Orthodox and Protestant churches The present collection of essays reflects this wider concern According to Kinzer the theological stones of contention are Christology conceived of as Messianology ecclesiology understood as Israelology and eschatology imagined as Zionology Moreover it is the presence of Jewish disciples of Jesus that concretizes these theological abstractions in the form of Jewish flesh and blood summoning Jews and Christians to rethink their relationship to one another in ways that express their essential mutual dependence

Mapping Messianic Jewish Theology Richard Harvey,2009 Richard Harvey himself a Messianic Jew maps the diverse theological terrain of this young movement He makes an original and innovative contribution by clarifying affirming and constructively critiquing the present state of its theology The book examines five topics of theological concern God s nature activity and attributes can the one God of Israel and the Christian Trinity be the same The Messiah Messianic Jewish Christologies Torah in theory the meaning and interpretation of the Torah in the light of Jesus Torah in practice Messianic practice of Sabbath food laws and Passover Eschatology the diverse models employed within the movement to describe the future of Israel Within each topic Harvey explores the range of Messianic Jewish views and their roots in both Jewish and Christian theological traditions The author proposes a typology of eight theological tendencies within Messianic Judaism and identifies issues where further theological development is required
