**Compassion in Action** Kristi Hugs,2017-12-14 This book was created as an alternative on the go option to my 2013 *Compassion in Action* card deck now retired My intent then as it is today is to share a simple daily reminder suggestion to perform an act of Compassion with another Some of the suggestions are actual actions while others are an exercise in awareness which is also a compassionate action in and of itself This is not a book that contains written word like a regular book It is not a self help book Think of it as a picture book Each page contains one of the card images from the deck with the challenge for that day Start with day one and work your way through or close your eyes and flip to a random page

Fierce Self-Compassion Kristin Neff,2021-06-15 The bestselling author of *Self Compassion* follows up her groundbreaking book with new ideas that expand our notion of self kindness and its capacity to transform our lives showing women how to balance tender self acceptance with fierce action to claim their power and change the world Kristin Neff changed how we talk about self care with her enormously popular first book *Self Compassion* Now ten years and many studies later she expands her body of work to explore a brand new take on self compassion Although kindness and self acceptance allow us to be with ourselves as we are in all our glorious imperfection the desire to alleviate suffering at the heart of this mindset isn t always gentle sometimes it s fierce We must also act courageously in order to protect ourselves from harm and injustice say no to others so we can meet our own needs and motivate necessary change in ourselves and society Gender roles demand that women be soft and nurturing not angry or powerful But like yin and yang the energies of fierce and tender self compassion must be balanced for wholeness and wellbeing Drawing on a wealth of research her personal life story and empirically supported practices Neff demonstrates how women can use fierce and tender self compassion to succeed in the workplace engage in caregiving without burning out be authentic in relationships and end the silence around sexual harassment and abuse Most women intuitively recognize fierceness as part of their true nature but have been discouraged from developing it Women must reclaim their power in order to create a healthier society and find
