possible D W Griffith who transformed the motion picture from a vaudeville house novelty into a cornerstone of American culture gave L A its signature industry And Aimee Semple McPherson a charismatic evangelist who founded a religion cemented the city s identity as a center for spiritual exploration All were masters of their craft but also illusionists of a kind The images they conjured up of a blossoming city in the desert of a factory of celluloid dreamworks of a community of seekers finding personal salvation under the California sun were like mirages liable to evaporate on closer inspection All three would pay a steep price to realize these dreams in a crescendo of hubris scandal and catastrophic failure of design that threatened to topple each of their personal empires Yet when the dust settled the mirage that was LA remained Spanning the years from 1900 to 1930 The Mirage Factory is the enthralling tale of an improbable city and the people who willed it into existence by pushing the limits of human engineering and imagination **Labor Bulletin** Massachusetts.
