A Castle In The Backyard:

A Castle in the Backyard Betsy Draine, 2002-09-16 In one of the most beautiful river valleys in Europe in the region known as Périgord in southwest France castles crown the hills and the surrounding villages seem carved all of a piece out of the local stone In 1985 in the shadow of one of these medieval castles Betsy Draine and Michael Hinden fell in love with a small stone house that became their summer home Like any romance this one has had its ups and downs and Betsy and Michael chart its course in this delightful memoir They offer an intimate glimpse of a region little known to Americans the Dordogne valley its castles and prehistoric art its walking trails and earthy cuisine and describe the charms and mishaps of setting up housekeeping thousands of miles from home Along with the region's terrain and culture *A Castle in the Backyard* introduces us to the people of Périgord the castle's proprietor the village children the gossipy real estate agent the rascally mason and the ninety year old widow with a tale of heartbreak A celebration of a place and its people the book also reflects on the future of historic Périgord as tourism and development pose a challenge to its graceful way of life

In Transit Gisele Aubin, 2012-11 Gisele Aubin a driven professional in her field was more often on airplanes than home Always on the run she left no time for a life Her most faithful companion was her BlackBerry and she had started thinking about dumping it When the company she works for was sold Gisele knew the time had come to make the changes she needed At that point jumping off the corporate ladder seemed to be her best way out But when Gisele made her landing she realized that her challenges were not those she had expected She had no idea what to do next In this memoir author Gisele Aubin shares her experience of turning her career around in order to create a more fulfilling life Building on the knowledge gained through her experiences Gisele provides an insight into what to expect when creating the successful change needed in your life And it's not what you think Her message is that change is incremental and manageable if you are willing to take it one day at a time let go of who you think you ought to be and become the person you truly are
