Service and the Census Bureau institutionalized this distinction by classifying Latinos as an ethnic group and not a race. But immigration and the resulting population shifts of the last half century have created a political opening for reimagining the relationship between immigration and race. How to do so is the question at hand. In *In the Shadow of Race* concludes by examining the recent New York and Los Angeles elections and the 2006 immigrant rallies across the country to assess the possibilities of forging a more robust alliance between immigrants and African Americans. Such an alliance is needed, Hattam argues, to more effectively redress the persistent inequalities in American life.

**Ebony**, 2001-07. EBONY is the flagship magazine of Johnson Publishing. Founded in 1945 by John H. Johnson, it still maintains the highest global circulation of any African American focused magazine.

[Black Americans of Achievement](#) Wayne D'Orio, 2011. Profiles Al Sharpton, the politician and minister who has dedicated his career to the equal rights and treatment of African Americans and discusses the major issues he has supported.

[Five Bullets](#) Elliot Williams, 2026-01-20. Named a Most Anticipated Book of 2026 by The New York Times and The Washington Post. Read this book to understand human nature.

Preet Bharara: An amazing story well told. Anderson Cooper: A masterful telling. Dahlia Lithwick: From CNN legal analyst, Elliot Williams offers a revelatory account of how one man, four teenagers, and a struggling city collided over race, vigilantism, and public safety, exposing the fault lines of a nation. On a dirty New York subway car on December 22, 1984, Bernhard Goetz shot Barry Allen Darrell Cabey, Troy Canty, and James Ramseur, four teenagers from the Bronx, at point-blank range. Goetz claimed they were going to mug him; the teens claim that one of them had simply asked for five dollars. Crime was at an all-time high. So was racial tension. Was Goetz, who was white, a hero who finally fought back? Or a bigot whose itchy trigger finger seriously wounded three unarmed black kids and condemned a fourth to irreversible brain damage? By the time Goetz went on trial for quadruple attempted murder, the Subway Vigilante saga had become a global sensation, and New Yorkers across race and class were split over whether he deserved decades in prison or a medal.

In *Five Bullets*, Elliot Williams vaults back to gritty 1980s Manhattan and reexamines the first major true crime story of the cable news era. Drawing on archives and interviews with many main characters, including Goetz, Williams presents a masterful and vivid tale that also tells the origin stories of larger-than-life figures: Al Sharpton, a polarizing young local activist rocketing to national prominence; Rudy Giuliani, a rising star prosecutor with an important decision to make; the NRA, which needed a poster boy for its transition from hunting club to political juggernaut; and Rupert Murdoch, whose new purchase of the New York Post grew his empire by keeping a scary story in the headlines. A shocking account of a pivotal moment in our history, *Five Bullets* demonstrates why, in order to understand today's debates about race, crime, safety, and the media, it's imperative to reflect on what went down in the subway four decades ago. As Williams's powerful narrative reveals, it was not just Goetz on trial, but the conscience of a nation.
