Libel and the First Amendment Richard E. Labunski, 2017-07-12

As the recent cases involving William Westmoreland and Ariel Sharon re veal libel suits filed against media organizations have become an increasingly serious problem in recent years The potential for inhibiting news coverage or even putting a news organization out of business has never been greater This book explores historical and contemporary issues relating to libel suits against media organizations emphasizing the consequences of the development of libel law for the First Amendment It also considers the special problems that broadcasters have with libel suits and their potentially inhibiting effect on television news coverage Labunski traces the development of libel law largely from 1964 when the Supreme Court entered the libel arena for the first time and began a twenty year effort to develop standards that are fair to both sides He describes the hostile environment which journalists must enter when they defend themselves in court He also demonstrates the complexity and inconsistency that have resulted from the state by state creation of libel standards Labunski offers suggestions some more easily accomplished than others that will help us get out of the libel morass which twenty years of Supreme Court activity and lower court litigation have produced This book will be of particular value to students of the First Amendment communication scholars working journalists and anyone who wants to better understand the complex development of libel laws and the effect of libel suits on news coverage
