The Invisible Woman Helen Walmsley-Johnson,2016 [Representations of Masculinity in Literature and Film](#) Sara Martín,2020-09-11 How are men represented on the printed page the stage and the screen What do these representations say about masculinity in the past the present and the future The twelve essays in this volume explore the different ways in which men and masculinity have been represented from the plays of William Shakespeare to the science fiction of Richard K Morgan passing through classic fiction by Emily Bront and Charles Dickens and popular favourites by Terry Pratchett and

Isaac Asimov without forgetting the Star Wars saga Collectively these essays argue that although much has been written about men it has been done from a perspective that does not see masculinity as a specific feature in need of critical appraisal Men need to be made aware of how they are represented in order to alter the toxic patriarchal models handed down to them and even break the extant binary gender models For that it is important that men distinguish patriarchy from masculinity as is done here and form anti patriarchal alliances with each other and with women This book is then an invitation to men s liberation from patriarchy by raising an awareness of its crippling constraints Magic Albert Allis Hopkins,1901
