An Ordinary Story:

Life Is Elsewhere Anne Lounsbury, 2019-11-15 In *Life Is Elsewhere* Anne Lounsbury shows how nineteenth century Russian literature created an imaginary place called the provinces a place at once homogeneous static anonymous and symbolically opposed to Petersburg and Moscow Lounsbury looks at a wide range of texts both canonical and lesser known in order to explain why the trope has exercised such enduring power and what role it plays in the larger symbolic geography that structures Russian literature's representation of the nation's space Using a comparative approach she brings to light fundamental questions that have long gone unasked how to understand for instance the weakness of literary regionalism in a country as large as Russia Why the insistence from Herzen through Chekhov and beyond that all Russian towns look the same In a literary tradition that constantly compared itself to a western European standard Lounsbury argues the problem of provinciality always implied difficult questions about the symbolic geography of the nation as a whole This constant awareness of a far off European model helps explain why the provinces in all their supposed drabness and predictability are a topic of such fascination for Russian writers why these anonymous places are in effect so important and meaningful notwithstanding the culture's nearly unremitting emphasis on their nullity and meaninglessness Open Access edition funded by the National Endowment for the Humanities

The Witch Some Witch Quleen O. Queen, 2016-10-28 This book is a frightening tragic violent and shameless story of the witch some witch As the characters in the novel fret at its suspense gasp at its terror and hide it for the sake of reputation the novel breaks the border between magic and reality The novel begins with a girl writhing in fear and pain It proceeds to how the dirty pasts and hidden histories are dug up by the main character Memories that make you shudder are revisited And as the violent episodes of riots lynching and sexual abuse scream at the characters some succumb while most rise above the graves of the past All the while the hectoring question remains Is the horror of the witch some witch eating away at us or are we the horror At last what has magic got to do here Grace the main
