Catholicism known as Santeria Tying her body to the land is how she felt an abundance of power and found her real niche Mendieta utilized the earth and the land for most of her artistic career which spanned from roughly 1972 to 1985 when she fell to her untimely death at age 36 Many know her for her death rather than her life as Carl Andre famous minimalist artist and her husband was accused but acquitted of pushing her out of their 34th story window to her demise Mendieta s art was often overshadowed a problem many women artists encounter Yet Mendieta s posthumous notoriety helped redress her artworks The search for Ana Mendieta s identity continues even after her death as her work continues to be redressed and more recognized in current times

Cuban Palimpsests Jose Quiroga,2005 Four decades ago the Cuban revolution captured the world s attention and imagination Its impact around the world was as much cultural as geopolitical Within Cuba the state developed a strictly defined national and collective memory that led directly from a colonial past to a utopian future but this narrative came to a halt in the early 1990s The collapse of Cuba s sponsor the Soviet Union and the end of the Cold War preceded the so called Special Period in Times of Peace a euphemistic phrase that masked the genuine anxiety shared by leaders and people about the nation s future In Cuban Palimpsests Jos Quiroga explores the sites both physical and imaginative where memory bears upon Cuba s collective history in ways that illuminate this extended moment of uncertainty Crossing geographical political and cultural borders Quiroga moves with ease between Cuba Miami and New York He traces generational shifts within the exile community contrasts Havana s cultural richness with its economic impoverishment follows the cloak and dagger narratives of revolutionary and counterrevolutionary spy fiction and film and documents the world s ongoing fascination with Cuban culture From the nostalgic photographs of Walker Evans to the iconic stature of Fidel Castro from the literary expressions of despair to the beat of Cuban musical rhythms from the haunting legacy of artist Ana Mendieta to the death of Celia Cruz and the reburial of Che Guevara Cuban Palimpsests memorializes the ruins of Cuba s past and offers a powerful meditation on its enigmatic place within the new world order Jos Quiroga is professor and department chair of Spanish and Portuguese at Emory University He is the author of *Understanding Octavio Paz and Tropics of Desire Interventions from Queer Latino America*
