

Adirondack Guide Boat

Sebastian Brünink

Adirondack Guide Boat:

The Adirondack Guideboat Stephen Sulavik, Edward Comstock (Jr.), Christopher H. Woodward, 2018 The definitive guide to the history and makers of Adirondack guideboats

Building an Adirondack Guideboat John Michne, 2018-08-14 The Adirondack guideboat has survived for well over a century as a unique regional classic first as a workboat in the rugged Adirondack mountain region of New York and later as a recreational craft It is noted for its graceful lines elegant curves easy and speedy rowing and for having a very high ooh ahh value among casual observers It may be easily built by accomplished amateur and professional woodworkers alike In this book John Michne explains in his usual excruciating detail with wisps of wit here and there how you can replicate a guideboat exactly as if it had just rolled out of an Adirondack boat shop a century ago Built from laminated spruce ribs and covered in narrow edge glued strips or traditionally planked in pine it is a woodworker's dream challenge Making every part of the boat except the oarlocks is detailed in 25 chapters with over 270 shop photos and six appendices including 16 pages of detailed dimensioned drawings by John Gardner courtesy of Adirondack Experience As an additional bonus there are 12 full size CAD drawings included at no extra cost via download These drawings of ribs seats oars and more eliminate the need for the builder to spend many hours doing tedious manual lofting even before starting construction

Boats and Boating in the Adirondacks Hallie E. Bond, 1998-08-01 Adirondack history is a tale written on the water In the Adirondacks people have traveled conducted warfare hunted and fished gone to church proposed marriage and driven logs in on from or by water Without boats small and large Adirondack history social recreational commercial and environmental would be an affair entirely different from what we have come to know In this lavishly illustrated account Hallie E Bond presents a history of these boats canoes sailboats power launches outboards and the indigenous guideboat that figure prominently in the overall history of the Adirondacks The pre contact Indians paddled dugout and bark canoes in the seventeenth and eighteenth centuries these craft were joined by skiffs and bateaux Between 1820 and World War II a distinctive tradition of boat building developed culminating in the famous Adirondack guideboat As the nineteenth century progressed a variety of small fresh water musclepowered boats was produced in the Adirondacks an assemblage matched by only a few places in the country There were the canoes and the men that made them famous John Henry Rushton and Nessmuk and the guideboats and their builders H Dwight Grant and Willard Hanmer In the early twentieth century the development of the internal combustion engine irrevocably changed not only boat use and design but life and leisure in the Adirondacks Bond skillfully captures the whole panorama of boats and boating in the Adirondacks from early dugouts and bateaux to the highpowered inboards that won Gold Cup races on Lake George and the Kevlar pack canoes of today Drawing on her experience as an historian and Curator of Collections and Boats at the Adirondack Museum Bond places events and trends of the region in the context of national and international history and describes the significant contribution of the Adirondacks in the early twentieth century development of recreation and travel in America Boats and

Boating in the Adirondacks also includes a descriptive catalog of boats from the museum's own collection with nearly two hundred illustrations in addition to those in the narrative a list of boatbuilders active in the North Country before 1975 and a valuable glossary of terms
