

DECEPTION ABOUT WORK CONDITIONS

Deception At Work

Sabine Zange

Deception At Work:

Deception at Work Michael J. Comer, Timothy E. Stephens, 2017-05-15 Deception at Work tells you how to recognize and deal with lies in meetings negotiations discussions and in writing It is guaranteed to make you a more effective and confident operator no matter what job you do Simply leaving the book on your desk for others to see will improve your chances of not being deceived The book exposes deception in all of its forms linking the authors 40 years of experience in dealing with fraudsters with the most recent findings on MRI scanning and the human brain It explains how why and in what circumstances both achievement and exculpatory lies are told and how they can be resolved It sets out a low key but effective plan for dealing with liars in all shapes and sizes from confidence tricksters to malingerers and hard nosed fraudsters This ground breaking work includes the most comprehensive summary of the clues to deception of any book currently in print

From Hire to Liar David Shulman, 2018-07-05 There are always clients to please rules to subvert difficult tasks to perform work to shirk and upward mobility to seek Most people with work experience have encountered at least some version of exaggerated resumes exploitative bosses self interested shirking collusion against disliked colleagues lying to clients and countless other variants of lies on the job This book tells the tale of such lies in the workplace and examines their impact on ethics administrating work and productivity from the Introduction According to David Shulman deception is a pervasive element of daily working life Sometimes it is an official part of one s work as in the case study he offers of private detectives who lie for a living but more often it is simply part of the fabric of life on the job Shulman argues that workplace cultures socialize individuals into using deception as a tool in performing their everyday work To make his point he focuses not on extreme cases but rather on less obvious forms of deception such as pretending to show deference shirking one s work crafting misleading accounting reports making false claims to customers and coworkers and covering up business transgressions Shulman analyzes the motives tactics rationalizations and ethical ramifications of acting deceptively in the workplace From Hire to Liar offers readers both detailed accounts of workplace lies and new ways to think about the important effects of everyday workplace deceptions

The Truth about Lies in the Workplace Carol Goman, 2013-06-03 You Work with a Bunch of Liars Learn What to Do About It Sure everyone tells little white lies now and then but real deception in the workplace is a poison that can destroy relationships careers and companies Carol Kinsey Goman a leading workplace body language expert combines her own experiences with the latest research to identify fifty subtle physical and vocal cues that will enable you to spot destructive workplace lies She analyzes the role we play in supporting lies how our own vanities desires self deceptions and rationalizations allow us to be duped And once you detect a lie she provides tactical advice on how to respond whether the liar is above below or on the same level as you even if it s your boss

The Truth about Lies in the Workplace Carol Kinsey Goman, 2013-06-03 You Work with a Bunch of Liars Learn What to Do About It Sure everyone tells little white lies now and then but real deception in the workplace is a poison that can destroy relationships careers and

companies Carol Kinsey Goman a leading workplace body language expert combines her own experiences with the latest research to identify fifty subtle physical and vocal cues that will enable you to spot destructive workplace lies She analyzes the role we play in supporting lies how our own vanities desires self deceptions and rationalizations allow us to be duped And once you detect a lie she provides tactical advice on how to respond whether the liar is above below or on the same level as you even if it s your boss [The Truth about Lies in the Workplace: How to Spot Liars and What to Do about Them \(Large Print 16pt\)](#) Carol Kinsey Goman, PH. D.,2013-05-07 You Work with a Bunch of Liars Learn What to Do About It Sure everyone tells little white lies now and then but real deception in the workplace is a poison that can destroy relationships careers and companies Carol Kinsey Goman a leading workplace body language expert combines her own experiences with the latest research to identify fifty subtle physical and vocal cues that will enable you to spot destructive workplace lies She analyzes the role we play in supporting lies how our own vanities desires self deceptions and rationalizations allow us to be duped And once you detect a lie she provides tactical advice on how to respond whether the liar is above below or on the same level as you even if it s your boss Lying in the workplace causes huge problems for business the proper people do not get promoted profits are generally compromised wrong steps are made and much more This book should be a best seller Robert L Dilenschneider President and CEO The Dilenschneider Group and author of Power and Influence and A Briefing for Leaders After 30 years in the training and development industry I have come to trust Goman s expertise in body language and nonverbal cues in the workplace I would recommend this book to any leader working to improve culture and effective communication within his or her organization Margie Mauldin President Executive Forum Goman s book sheds light on a phenomenon in business that too many of us prefer to pretend doesn t exist deception A must read for emerging and established leaders alike JD Schramm EdD Director Mastery in Communication Initiative Stanford University Graduate School of Business **Swapping Lies!** Marc A. Bringman,2004 In a world where business ethics have taken a back seat to the pursuit of wealth and power and movements like political correctness have muzzled the fair exchange of ideas is it any wonder that the average employee views the workplace with suspicion and consequently checks their loyalties at the office door Dishonesty has crept into the workplace and undermined organizational performance Navigating this environment is a difficult task for employees and managers alike Swapping Lies takes the issue of deception in the workplace head on In a powerful blend of academic research common sense business advice and home spun tales the author presents a case for change In doing so he offers more than 80 Tips designed to help the reader navigate today s complex work environment In a refreshing change in presentation and style this author provides a third dimension in his footnotes In addition to a comprehensive list of references the author uses the footnote as a running commentary on the main text Much like an alter ego each footnote adds a deeper insight to both the subject at hand and the author himself All in all Swapping Lies is a real world view of today s organization and a no nonsense approach to effective organizational management **The Truth**

about Lies in the Workplace Carol Kinsey Goman, 2013-05-07 You Work with a Bunch of Liars Learn What to Do About It Sure everyone tells little white lies now and then but real deception in the workplace is a poison that can destroy relationships careers and companies Carol Kinsey Goman a leading workplace body language expert combines her own experiences with the latest research to identify fifty subtle physical and vocal cues that will enable you to spot destructive workplace lies She analyzes the role we play in supporting lies how our own vanities desires self deceptions and rationalizations allow us to be duped And once you detect a lie she provides tactical advice on how to respond whether the liar is above below or on the same level as you even if it s your boss Lying in the workplace causes huge problems for business the proper people do not get promoted profits are generally compromised wrong steps are made and much more This book should be a best seller Robert L Dilenschneider President and CEO The Dilenschneider Group and author of Power and Influence and A Briefing for Leaders After 30 years in the training and development industry I have come to trust Goman s expertise in body language and nonverbal cues in the workplace I would recommend this book to any leader working to improve culture and effective communication within his or her organization Margie Mauldin President Executive Forum Goman s book sheds light on a phenomenon in business that too many of us prefer to pretend doesn t exist deception A must read for emerging and established leaders alike JD Schramm EdD Director Mastery in Communication Initiative Stanford University Graduate School of Business *Self-Deception's Puzzles and Processes* Jason Kido Lopez, 2016-08-16 The contemporary literature on self deception was born out of Jean Paul Sartre s work on bad faith lying to oneself As time has progressed the conception of self deception has moved further and further away from Sartre s conception of bad faith In *Self Deception s Puzzles and Processes A Return to a Sartrean View* Jason Kido Lopez argues that this departure is a mistake and that we should return to thinking about self deception in a Sartrean fashion in which we are self deceived when we intentionally use the strategies and methods of interpersonal deception on ourselves Since literally tricking ourselves cannot work we will always see through our own self deception after all self deception merely consists of the attempt to trick ourselves in this way Other scholars have rejected this notion of self deception historically dismissing it as paradoxical Lopez argues first that it isn t paradoxical and he further suggests that moving away from this notion of self deception has caused the contemporary literature on the topic to be littered with disparate and conflicting theories Indeed there are a great many ways to avoid the allegedly paradoxical Sartrean notion of self deception and the resulting plethora of accounts lead to a fragmented picture of self deception If however the Sartrean view isn t paradoxical then there was no need for the host of contradictory theories and most researchers on self deception have missed what was originally so intriguing about self deception that it like bad faith is the process of literally trying to trick oneself into believing what is false or unwarranted *Self Deception s Puzzles and Processes* will be of great interest to students and scholars of epistemology philosophy of mind psychology and continental philosophy and to anyone else interested in the problems of self deception *Intelligence And*

Espionage George C Constantinides,2019-03-04 This pioneering work based on many years of reading and research and ranging mainly from the seventeenth century to the present breaks new ground in intelligence bibliography It is the most comprehensive and thorough bibliography of English language nonfiction books on intelligence and espionage to date The in depth analytical annotations deal
