**Share with Confidence: A Simple Introduction to Christian Apologetics** Aaron Wentz, 2019-03. Some things in life are worth defending. People fight for their country and protect the things they believe are valuable. The Gospel of Jesus Christ is one of the most useful realities worth defending. This noble effort of defending the Christian worldview is called apologetics. Through his book *Confidence to Share: A Simple Introduction to Christian Apologetics*, Aaron Wentz shares simple methods to talk about God, defend the Bible, and get into spiritual conversations. Aaron Wentz is the founder of the Michigan School of Apologetics. He has a BA in Evangelism from Moody Bible Institute and an MA in Christian Apologetics from Biola University. Aaron has been a full-time evangelist and apologist since 1998.

**The Knowledge of God in the World and the Word** Douglas Groothuis, Andrew I. Shephardson, 2022-12-06. Intellectual support for defending your faith. *Knowledge of God in the World and the Word* is a clear and succinct introduction to classical Christian apologetics that also addresses the most common objections to natural theology. Amid the crisis of authority in our modern and postmodern era, Christians need to be able to point to God's revelation in the natural world in addition to defending God's unique revelation in the Bible and in the person of Jesus Christ. Classical apologetics takes a two-step approach to commending the Christian picture of reality: first establishing arguments for the existence of God and then defending key items of Christian revelation including the reliability of the Bible, the identity of the historical Jesus, and the resurrection of Jesus Christ. With this book, you will discover an easy point of entry into understanding why Christian beliefs about Jesus are true and rational. Perfect for any Christian who wants to articulate a sophisticated and comprehensive defense of their faith.

**Apologetics to the Glory of God** John M. Frame, 1994. Frame sheds needed light on the message and method of genuinely Christian apologetics. Giving special attention to application of the truth, he insightfully examines apologetics as proof, defense, and offense. Frame clarifies the relationships of reason, proofs, and evidences to faith, biblical authority, and the lordship of Christ. He offers a fresh look at probability arguments and gives special attention to the problem of evil.
