Maxwell, 1995-02-22 Why do some people achieve great personal success yet never succeed in building a business or making an impact in their organization John C Maxwell knows the answer According to Maxwell the greatest leadership principle that he has ever learned in over thirty five years of leadership is that those closest to the leader will determine the

success level of that leader It s not enough for a leader to have vision energy drive and conviction If you want to see your dream come to fruition you must learn how to develop the leaders around you Whether you re the leader of a non profit organization small business or Fortune 500 company Developing the Leaders Around You can help you to take others to the limits of their potential and your organization to a whole new level Learn how to Create an environment for potential leaders Identify and nurture future leaders Equip and develop leaders Form a dream team of leaders *The Military Leader* Andrew Steadman,David G.
