## **Casing The Promised Land:**

**Casing the Promised Land** Caleb Carr,1980      **Managing Conflict in a Negotiated World** Peter M. Kellett,Diana G. Dalton,2001-03-30 Kellett and Dalton present a core text in Conflict Management derived from extensive class testing of their material Their book helps readers understand the elements of conflict and act on that understanding by managing conflict better in each area of their lives work family and community      *Love/Imperfect* Christopher T. Leland,2011-04-15 New short stories from Christopher T Leland that explore love in all of its forms and complexities Whether it is romantic parental or platonic we all aspire to find perfect love even though we know love is notoriously imperfect Depending on the lover and the beloved love can be unrequited blind feigned cowardly confused and even murderous In this compelling new collection Christopher T Leland explores the notion of such imperfect love in eighteen stories as characters struggle to understand both love s essential strangeness and its shifting meaning over time While each story points to the tremendous task of understanding the human heart each also suggests that the notion of loving even at its most violent and terrible is a gift In the moment of murder the nameless narrator of Traveler loves his victim just as estranged friends and former lovers Esther and Tim still somehow love each other in Reprise Young husband and wife Del and Dora love each other despite the pressures of war meddling families and childbirth in How the Coe Boys Got Their Names as Gogan loves his uncle even though the uncle s violence becomes too much to bear in Last Frontier Even the horrified father of Swim grants to his mad son an opportunity to control his own destiny while the sentimental father of Peach Queen offers to his son a talisman of their bond Leland s deftly crafted characters and narratives find their power in the thrilling space between love and uncertainty distress and even terror Fans of short fiction will enjoy the profound and intriguing stories in **Love Imperfect**      **A Raw Mix of Carelessness and Longing** Cecelia Frey,2009 Jamey Popilowski dreams of becoming a rock star and Lilah Cellini dreams of Jamey Together the young couple leaves their childhood home of Terrabain Street and hit the open asphalt kicking up a musical storm along the way While Jamey embraces the musician s lifestyle along with its excesses Lilah is confronted by choices that will ultimately take her down a different path and lead her to her own voice **A Raw Mix of Carelessness and Longing** is a mesmerizing and lyrical tale that follows the tangled lives of friends and lovers as it articulates the fine balance between the passion for making and performing music and the temptations that hide in the shadows      **Divine Signs** H. Lloyd Goodall,1996 *Divine Signs* is the concluding volume of the ethnographic trilogy about the communicative tensions in everyday American cultural life H L Goodall Jr began with *Casing a Promised Land* and continued with *Living in the Rock n Roll Mystery* In this final work the terms for understanding these tensions are found in a historical and mythological drama featuring Power as the embodiment of the modern Other as the embodiment of the postmodern and Spirit as the unifying power capable of connecting disparate selves to dangerously fragmented communities For this study the localized site of interpretation is in and around Pickens and Oconee Counties South Carolina where every day street signs business

advertisements on billboards signs that announce church themes Internet postings and other forms of public communication that invite private meanings are read as rhetorical invitations to participate in these myths and mysteries Using themes discoverable in such public forms of communication Goodall deconstructs a variety of communal experiences from annual community celebrations to weekly therapy sessions in local beauty salons to the fall audience rituals of Clemson University football games to gain a deeper appreciation of the unifying symbolic orders that enrich the interpretive possibilities of our lives and that serve as signs of our deeply spiritual connections to each other and to the planet In the last sections of the book the interplays of Power Other and Spirit are read into and against a wide variety of everyday interpretive contexts from Rush Limbaugh and talk radio to narratives about angels and stories about the transformative powers of spiritual practices in organizations Goodall then asks the important question Where are the themes of this mythological drama leading us In the stunning conclusion Goodall creates communicative cultural and spiritual challenges for us all

*Writing Qualitative Inquiry*  
H.L. Goodall Jr, 2018-12-07 Now issued as a Routledge Education Classic Edition Bud Goodall's *Writing Qualitative Inquiry* responds to the rapid growth of personal narrative as a method of inquiry among qualitative scholars by offering a concise volume of practical advice for scholars and students seeking to work in this tradition He provides writing tips and strategies from a well published successful author of creative nonfiction and concrete guidance on finding appropriate outlets for your work For readers he offers a set of criteria to assess the quality of creative nonfiction writing Goodall suggests paths to success within the academy still rife with political sinkholes for the narrative ethnographer and ways of building a career as a public scholar Goodall's work serves as both a writing manual and career guide for those in qualitative inquiry A new foreword by Christopher N Poulos reflects on Bud Goodall's life and work and the impact of this book on narrative writing

*Casing a Promised Land, Expanded Edition* H. L. Goodall, 1994-07-27 Now available for the first time in paperback and expanded by a new chapter and an afterword entitled *Surrendering to the Mystery or The Sooner You Arrive the Further You Have to Go* this ground breaking study by H L Goodall Jr examines what happens when a communication scholar ventures out of academia into the community workplace Using the techniques of social science and literary journalism Goodall reveals the tensions between order and creativity in the real world and how these tensions place him into a crisis of interpretation *Becoming an Organizational Detective* the first chapter is a brief autobiographical sketch of how Goodall moved from the role of cultural outsider to that of cultural insider within the high technology texts and contexts of Huntsville Alabama Against this backdrop he explores the lives led by people within organizations against the backdrop of his own many storied story Through the use of an interpretive field method cultural ethnography Goodall utilizes these many storied stories to provide a richer deeper sense of the experience of a researcher observing and interpreting organizational lives His stories take on the form of six detective mysteries in which the narrator figures into the plot of the intrigue and then works out its essential patterns In the first mystery *Notes on a Cultural Evolution The Remaking of a Software Company* Goodall looks at the

transition of the Huntsville regional office of a Boston based computer software company where the lives and social dramas of the participants reflect the current state of high technology a blend of fantasy and stress stemming from that fantasy that mingle with his own InThe Way the World Ends Inside Star Wars Goodall penetrates the various defenses of the Star Wars command office in Huntsville to discover its secrets and surprises Lost in Space The Layers of Illusion Called Adult Space Camp illustrates how a supposedly innocent theme park invites participation in rituals and ceremonies designed to influence a future generation of taxpayers In Articles of Faith Goodall enters a super mall in Huntsville noting how shopping centers provide consumers and narrators with far more than places to purchase goods and services How I Spent My Summer Vacation finds Goodall back in a conference of communication scholars where he demonstrates the difficult task of translating cultural understandings from one context to another through the telling of his own tale In The Consultant as Organizational Detective Goodall works within a context of intrigue and deceit worthy of Raymond Chandler as he evaluates relationships of power and authority within a privately held company whose owner has targeted a contentious manager for removal preferably through voluntary resignation and dupes Goodall into the general deception In the final chapter Goodall shares how his study fits into or rubs against the grain of contemporary communication scholarship and offers unusual advice for others who may be considering making the interpretive turn **Organizational Communication** Eric M.

resistance including tactical storytelling Wendt sets forth a new theory of suspended power While he shows there is no clear answer or response to the politics of corporate hegemony because it is a persistent dilemma he points the reader to the uses of critical theory to understand and adjust to contemporary power dynamics Of particular interest to scholars and students involved with communication management and cultural studies The Cumulative Book Index ,1995 A world list of books in the English language Sociological Abstracts Leo P.
