Using Literature to Help Troubled Teenagers Cope with Health Issues Cynthia Ann Bowman,2000-03-30 Today traditional illnesses and high risk behaviors of adolescents have become interrelated through the multitude of physical social and emotional changes young people experience Good literature which gives adolescents the truth has incredible power to heal and to renew This reference resource provides a link for teachers media specialists parents and other adults to those novels that can help adolescents struggling with health issues Educators and therapists explore novels where common health issues are addressed in ways to captivate teens Using fictional characters these experts provide guidance on encouraging adolescents to cope while improving their reading and writing skills With the advancement in medicine traditional types of health issues such as birth defects cancer and sensory impairment have shifted to more behavior related problems such as depression alcoholism and eating disorders All of these issues and others are examined from both a literary and psychological perspective in thirteen chapters that explore health issues through fiction Each chapter confronts a different health issue and is written by a literature specialist who has teamed up with a therapist In each novel these experts define the central character s struggle in coming to terms with an issue and growing in response to their difficulties Annotated bibliographies of other works both fiction and nonfiction explore these same issues give readers insight into helping teenagers with similar problems and provide the tools with which to get teenagers reading and addressing these problems

Making the Best of It--how to Cope with Being Handicapped Gillian K. Holzhauser,1986 **Coping with Chronic Illness and Disability** Erin Martz,Hanoch Livneh,2007-09-23 This book synthesizes the expanding literature on coping styles and strategies by analyzing how individuals with CID face challenges find and use their strengths and alter their environment to fit their life changing realities The book includes up to date information on coping with high profile conditions such as cancer heart disease diabetes arthritis spinal cord injuries and traumatic brain injury in depth coverage of HIV AIDS chronic pain and severe mental illness and more *The Special-needs Reading List* Wilma K. Sweeney,1998 This publication provides short reviews and recommendations of the best books journals newsletters organisations and other information sources about children with disabilities This invaluable reference is organised into two broad sections Part One covers topics related to disabilities in general such as Disability Awareness Family Life Legal Issues and Education Part Two focuses on specific disabilities including Autism Cerebral Palsy Down Syndrome Fetal Alcohol Syndrome Learning Disabilities and Speech and Language Disorders *Health Information in a Changing World* W. Bernard Luckenbill,Barbara Froling Immroth,2010-06-14 This holistic guide explains how school librarians and teachers can successfully integrate relevant health concepts and life skills throughout the curriculum for students K through 12 In the United States convenience food and soft drink based diets increasingly sedentary lifestyles and obesity have become common in youth culture The importance of health education merits integration throughout school curricula unfortunately research shows that many teachers do not feel prepared to teach health issues within their subject areas This book will encourage all librarians and

teachers no matter their specific area of instruction to include health lessons in their teaching Health Information in a Changing World Practical Approaches for Teachers Schools and School Librarians provides a complete action plan for librarians and teachers who want to provide better health information to students and their caregivers It contains an extensive discussion of teaching health within curriculum areas such as literature history and biography art science and mathematics industrial technology and agriculture Tips on accessing and evaluating health information in print and electronic media are presented as well as practical suggestions for effective instructional methods including ideas on conducting demonstrations field trips speaker programs and online distance education New findings regarding teaching effectiveness assessment are also presented

A Woman's Guide to Coping with Disability ,2000 Despite the recent increased interest in women s health little has been written about and for disabled women This outstanding new source meets a genuine need by providing an overview of all aspects of women s lives and how disability affects them as workers homemakers parents and caregivers Necessities such as driving obtaining adequate medical care enjoying recreation and travel as well as personal concerns related to sexuality pregnancy and childbirth are all addressed The guide covers federal laws housing coping with daily activities at home and in the workplace and the most common conditions that disable women arthritis diabetes epilepsy lupus multiple sclerosis osteoporosis and spinal cord injury Each chapter contains a bibliography or sources cited in the text a referral list of organizations and a resource list of books audio and videotapes and vendors of assistive devices Quotes from disabled women illustrate their coping skills and the impact of their conditions on their lives Barbara M Bibel Oakland P L Cal Library Journal
