## **Doug Aitken:**

**Doug Aitken** Doug Aitken, 2007 Foreword by Glenn D Lowry and Anne Pasternak Text by Klaus Biesenbach Peter Eleey  
Doug Aitken Doug Aitken Doug Aitken, *Doug Aitken* Doug Aitken, 2001 **Ausstellung u.d.T.: Doug Aitken :  
metallic sleep** Doug Aitken, Kunstmuseum Wolfsburg, 2001 The installation *Electric Earth* debuted at the 1999 Venice  
Biennale brought international recognition to the video and media artist Doug Aitken In the piece a dancer roams a transitory  
realm of wasted landscapes Aitken whose protagonists are usually natural landscapes and cityscapes here links the  
electrified structures of our urban world with the nervous system of the human body The piece with its pop surrealist  
overtones also reveals Aitken's roots as a director of music videos This artist's book laid out in a landscape format presents  
fascinating views of natural and urban landscapes and structures from the video Gijs van Tuyl in his essay writes You don't  
have to look through it passively from A to Z it offers up a space in which the reader can move freely in order to create a  
story in the here and now in the flow of time **Doug Aitken** Daniel Birnbaum, Amanda Sharp, Jörg Heiser, Doug  
Aitken, 2001-09-13 American video and installation artist Doug Aitken b 1968 exploded onto the international art scene with  
his multi screen work *electric earth* which captivated audiences at the Venice and Whitney biennales in 1999 This work  
focused on the bizarre nocturnal experiences of a young man exploring the edges of Los Angeles presenting dream like  
sequences that rearrange the linear flow of narrative into a series of unforgettable disjointed photographic tableaux Like  
much of his work it contrasts the high tech speed of contemporary daily life with the monotony of the urban landscape In  
other works he has explored the eerie deserted atmosphere of Jonestown Guyana the site of the notorious mass suicide of  
religious cultists *monsoon* 1997 a remote diamond mining region of Namibia closed to outsiders since 1908 *diamond sea*  
1997 and the collective dreams of India's Bollywood film industry into the sun 1999 Portraying some of contemporary art's  
most beautiful imagery Aitken's installations encircle the viewer creating a suspended hyperreal portrait of contemporary life  
In the survey curator and critic Daniel Birnbaum sets Aitken's art within the context of contemporary philosophy and the  
work of other recent artists who have explored expanded notions of time and space In the Interview Frieze publisher and  
critic Amanda Sharp discusses the artist's working methods while in the Focus section critic Jörg Heiser looks at Aitken's *i am  
in you* 2000 a five screen work centring on the imaginative experiences of a young girl For his Artist's Choice Aitken has  
selected a short story by Jorge Luis Borges whose description of altered realities through the distortions of mirrors and  
memory echoes the artist's own interests Artist's Writings include Aitken's retelling of an unusual story he once heard from  
strangers which served as the basis for subsequent video work **Doug Aitken** , 2014-04-08 The most comprehensive book  
to date on the innovative multimedia artist Doug Aitken Defying definitions of genre Doug Aitken has explored every medium  
from architecture and film to installations and interventions While Aitken's work varies in both theme and context his  
installations share a common thread in their ability to use technology to evoke meaningful personal reactions from the viewer

encourage audience interaction and inspire communal gatherings His films often explore themes of displacement and temporality and through his keen awareness of motion sound and color he creates dreamlike landscapes and the futurist aesthetic for which he has become known This beautifully designed book features visual essays by the artist and surveys his work in all mediums The monograph is organized thematically into the four most prevalent ideas connected with his work inspires thought and will leave readers examining their own relationship to the world around them **Doug Aitken** Aspen Art Museum (Aspen),2006 **Joyce Studies Annual 2022** Moshe Gold,Keri Walsh,2025-01-14 An indispensable resource for scholars and students of James Joyce Joyce Studies Annual gathers essays by foremost scholars and emerging voices in the field **Doug Aitken** Max Hollein,Ulrich Matthias,2015 Civilization raises hopes civilization is terrifying These feelings are palpable in the inimitable works of art by the American artist Doug Aitken His spectacular film and sound works take visitors on a synaesthetic journey around the world and into themselves in an irresistible maelstrom of expressive images and rhythmic landscapes With four expansive film installations and correlating sculptures as well as a site specific sound installation the exhibition will present an overview of the internationally renowned artist s heterogeneous oeuvre throughout the entire exhibition area of the SCHIRN and beyond Aitken s kaleidoscopic universe revolves around life s existential questions yet it does not supply any simple answers Instead the artist lends expression to an almost naive fascination with being human and people s sense of collectivity and cooperation Consequently the recent projects by the Los Angeles based artist have redefined the exhibition format and gained him worldwide attention for instance through the illumination of the exterior walls of museums like at the National Mall in Washington D C or through an elaborately staged happening with the participation of various artists on the Station to Station train journey from New York to San Francisco lasting several weeks Exhibition Schirn Kunsthalle Frankfurt Germany 9 7 27 9 2015 **Doug Aitken** Philippe Vergne,2016 Accompanying the artist s first full scale survey exhibition this generously illustrated book explores Doug Aitken s work across mediums disciplines and themes From photography to architecture and from video to spoken word Doug Aitken has delved into a variety of art forms to create a provocative body of work This volume surveys the full scope and depth of Aitken s work sound pieces sculpture architectural experiments land art and happenings which embrace a collaborative spirit across disciplines and beyond walls to re imagine the nature of what a work of art can be Interspersed with hundreds of color illustrations the book s essays examine the plethora of ideas the artist tackles from environmental decay to the end of linear time and explain how and why Aitken challenges many artistic barriers **Doug Aitken** Steve Erickson,2015 The first book entirely dedicated to the sculptures of multimedia artist Doug Aitken this volume offers an overview of his 3D works and includes a specially commissioned text by acclaimed novelist Steve Erickson Designed in the artist s studio the publication is organized as a graphic novel more than an inventory while offering complete information on the pieces in the index Using words and images technology and human perception to trigger personal reactions from the readers the works are combined here in a

new form assembled as they are in printed form as a Gesamt exhibition one that is unique to the medium of the book
