Doves Of War:

Doves of War Paul Preston,2003-05-08 This beautifully written biographical work depicts the lives of four extraordinary women to paint a vivid dramatic and poignant portrait of the ideologies horrific realities and long lasting emotional costs of the Spanish Civil War 1936 1939 *The Doves of War* Paul Evan Lehman,1952 History of the World War Frank Herbert Simonds,1917 The Study Readers Alberta Walker,Mary Rosetta Parkman,1924 **Bulletin** New York Zoological Society,1916 Vol 31 no 1 Jan Feb 1928 commemorates A quarter century of the New York Aquarium **Zoological Society Bulletin** New York Zoological Society,1917 **In Time of War** Adam J. Berinsky,2009-10-15 From World War II to the war in Iraq periods of international conflict seem like unique moments in U S political history but when it comes to public opinion they are not To make this groundbreaking revelation *In Time of War* explodes conventional wisdom about American reactions to World War II as well as the more recent conflicts in Korea Vietnam the Gulf Afghanistan and Iraq Adam Berinsky argues that public response to these crises has been shaped less by their defining characteristics such as what they cost in lives and resources than by the same political interests and group affiliations that influence our ideas about domestic issues With the help of World War II era survey data that had gone virtually untouched for the past sixty years Berinsky begins by disproving the myth of the good war that Americans all fell in line to support after the Japanese bombed Pearl Harbor The attack he reveals did not significantly alter public opinion but merely punctuated interventionist sentiment that had already risen in response to the ways that political leaders at home had framed the fighting abroad Weaving his findings into the first general theory of the factors that shape American wartime opinion Berinsky also sheds new light on our reactions to other crises He shows for example that our attitudes toward restricted civil liberties during Vietnam and after 9 11 stemmed from the same kinds of judgments we make during times of peace With Iraq and Afghanistan now competing for attention with urgent issues within the United States *In Time of War* offers a timely reminder of the full extent to which foreign and domestic politics profoundly influence and ultimately illuminate each other **Army-Navy-Air Force Register and Defense Times** ,1912

Nixon's Vietnam War Jeffrey P. Kimball,1998 The signing of the Paris Agreement in 1973 ended not only America s Vietnam War but also Richard Nixon s best laid plans After years of secret negotiations threats of massive bombing and secret diplomacy designed to shatter strained Communist alliances the president had to settle for a peace that fell far short of his original aims **Scientific American** ,1918 **Hillsboro in the War** Richard Darwin Ware,1917 **Army and Navy Register** ,1912 News Bulletin of the Zoological Society ,1918 Hawks and Doves in the Nez Percè War of 1877 Eugene Tallmadge Wilson,1966 *The Insiders' Game* Elizabeth N. Saunders,2024-03-26 One of the most important virtues of a democracy is that its leaders are accountable to the public which presumably makes democracies more cautious about using military force and ultimately more peaceful Yet how then are some leaders able to continue or even escalate wars in the face of strong or rising popular opposition as Lyndon Johnson and Richard Nixon did in the later stages of the Vietnam

War and Barack Obama did in Afghanistan In this book Saunders argues that constraints on democratic leaders decisions about war come not from the public but from elites making war an insiders game Saunders sees elites as a disparate group that can shape not only the decision about whether to enter a war but also how wars unfold The insiders game can sometimes result in elites effectively colluding with leaders in escalating a war with dim prospects it can also occasionally lead to de escalation or the end of a conflict Saunders focuses first on the importance of elite influence rather than public accountability and on how the preferences of elites differ from those of the public She homes in on three main groups of elites that shape almost every war related decision democratic leaders make legislators military leaders and high level bureaucrats and advisers She then goes on to look at how these dynamics have played out historically looking at the cases of Lebanon Afghanistan Korea and Vietnam showing that leaders political bargaining with elites is key to understanding the use of force in American foreign policy
