Martin Hollis

Discovering Truth:

The Philosophy of Social Science Martin Hollis,1994-09 An introduction to the philosophy of social science from a well known author *Foundations of Christian Thought* Mark P. Cosgrove, Written by a veteran Christian educator this readable book describes the relationship between the Christian faith and the world of learning by looking at the five modern worldviews competing with Christian theism

God & You William Wilson,2005-09-01 Written for skeptics and nontheists Part I addresses the nature of truth offers contemporary evidence for the existence and character of God presents a model of how things work in life and describes how to establish a right relationship with God Part II deals with objections skeptics and nontheists typically raise regarding philosophy antiquity evolution tragedy inequity religion the Bible and the church Nontraditional answers are given Original *Epistemology* Peter Coffey,1917 *Epistemology or the Theory of Knowledge, 2 Volumes* P. Coffey,2009-01-01 P Coffey was Professor of Logic and Metaphysics at Maynooth College Ireland His works include *Ontology or the Theory of Being*

Why I Still Believe Mary Jo Sharp,2019-11-05 For anyone who feels caught in the tension between the beauty of God s story and the ugliness of human hypocrisy *Why I Still Believe* offers a stirring story of hope Why would anyone be a Christian when there is so much hypocrisy in the church Mary Jo Sharp shares her journey as a skeptical believer who still holds to a beautiful faith despite wounding experiences in the Christian community At a time when de conversion stories have become all too common this is an earnest response the compelling conversion of an unlikely believer whose questions ultimately led her to irresistible hope Sharp addresses her own struggle with the reality that God s people repeatedly give God s story a bad name and takes a careful look at how the current church often inadvertently produces atheists despite its life giving message For those who feel the ever present tension between the beauty of salvation and the dark side of human nature *Why I Still Believe* is a candid and approachable case for believing in God when you really want to walk away With fresh and thoughtful insights this spiritual narrative presents relevant answers to haunting questions like Isn t there too much pain and suffering to believe Is it okay to have doubt What if Jesus story is a copy of another story Is there any evidence for Jesus resurrection Does atheism explain the human experience better than Christianity can How can the truth of Christianity matter when the behaviors of Christians are reprehensible At once logical and loving Sharp reframes the gospel as it truly is the good news of redemption With firmly grounded truths *Why I Still Believe* is an affirming reminder that the hypocrisy of Christians can never negate the transforming grace and truth of Christ

George Gore,1882 **Epistemology or the Theory of Knowledge** Peter Coffey,2023-07-24 This book aims at applying the principles of Scholasticism to the solution of the problems raised by a critical inquiry into the validity of knowledge and the grounds of certitude It does not purport to be in any sense a history of theories of knowledge or to supply anything like an adequate bibliography of works on the subject It is primarily a text book for the use of university students in philosophy though it is hoped that a perusal of it may be found helpful to all who desire a closer acquaintance with the attitude of modern scholastic writers towards the critical problems which almost monopolize the attention of philosophers nowadays It is needless to emphasize the growing importance of such problems in this age of restless inquiry and scepticism Nor will a text book in English from the standpoint of Scholasticism be deemed superfluous **Liahona** ,1929 Harper's Magazine ,1930 School and Society James McKeen Cattell,Raymond Walters,1924 School & Society James McKeen Cattell,Will Carson Ryan,Raymond Walters,1924
