Days Of Rage:

Days of Rage Bryan Burrough,2016-04-05 The Weathermen The Symbionese Liberation Army The FALN The Black Liberation Army The names seem quaint now but there was a stretch of time in America when there was on average more than one significant terrorist act in the U S every week The FBI combated these groups and others as nodes in a single revolutionary underground dedicated to the violent overthrow of the American government Thus began a decade long battle between the FBI and these homegrown terrorists compellingly and thrillingly documented in Days of Rage [Outlaws of America](#) Dan Berger,2006 The fiery true story of America s most famous radical fugitives urgently and passionately told

Killing Strangers T. K. Wilson,2020-09-02 A bewildering feature of so much contemporary political violence is its stunning impersonality Every major city centre becomes a potential shooting gallery and every metro system a potential bomb alley Victims just happen as the saying goes to be in the wrong place at the wrong time We accept this contemporary reality at least to some degree But we rarely ask where has it come from historically Killing Strangers tackles this question head on It examines how such violence became unchained from inter personal relationships It traces the rise of such impersonal violence by examining violence in conjunction with changing social and political realities In particular it traces both push and pull the ability of modern states to force the violence of their challengers into niche forms and the disturbing new opportunities that technological changes offer to cause mayhem in fresh and original ways Killing Strangers therefore aims to highlight the very strangeness of contemporary experience when it is viewed against a long term perspective Atrocities regularly capture media attention and just as quickly fade from public view That is both tragic and utterly predictable Deep down we expect no different And that is why such atrocities must be repeated if our attention is to be re engaged Deep down we expect that too So Killing Strangers deliberately asks the very simplest of questions How on earth did we get here **NextGen Marxism** Mike Gonzalez,Katherine Cornell Gorka,2024-04-02 A deep dive into the strategies and tactics used by the radical left in recent years to undermine the institutions of the United States along with suggestions for how to counter their advances Mike Gonzalez and Katharine Gorka document the Left s metamorphosis into a bastardized racialized Marxism that is a threat to everything Americans hold dear In this deeply insightful book readers will understand the nature of the beast and how to fight it in their communities Christopher Rufo Senior Fellow Manhattan Institute Many Americans believe that the United States is in decline They see a country that has become unrecognizable where individuals are reduced to their race ethnicity or sexual identity where children are indoctrinated into radical ideologies where anti semitism has become widespread This book explains how all of these ills are rooted in Marxism To be sure it is not Soviet Marxism but a Marxism that was shaped by European intellectuals adapted and refined by America s student radicals of the 1960s and diffused throughout the culture as those student radicals became professors community organizers and leaders The end goal of these NextGen Marxists is expropriation redistribution central planning and collectivism They are working

toward nothing less than the cultural transformation of the United States and they have partially succeeded But NextGen Marxism What It Is and How to Combat It is infused with optimism It reveals the dark inner workings of the radical left s destructive agenda in the United States in order to teach Americans how to fight back The authors share their conviction that the best days for the United States are still ahead of us if every day Americans can work together to restore sanity and make America the great beacon of freedom once again *Public Television* B. J. Bullert,1997 Public television s original mandate required it to address issues of controversy and facilitate the inclusion of voices and perspectives from outside the established consensus Through detailed chronology the author of this text traces how far this obligation has been met

Space 1999 and Critical Theory John K. Balor,2017-11-11 The television series SPACE 1999 was in its first series shaped by the late sixties and early seventies counterculture movements making SPACE 1999 into an example of how certain SF scholars see a natural alignment between science fiction and critical theory However due to changes in the political climate SPACE 1999 went through an ideological reversal in its second series As a result the schizophrenic nature of the series has ever since caused debate This book is written on an idealistic basis It is sold at the lowest price the publisher was willing to accept A free e book version can be downloaded at www.lulu.com *You Have Unleashed a Storm* David Viola,2025-04-22 The panoramic untold story of domestic terrorism and political radicalism in 60s and 70s New York City and its echoes in our current moment New York City in the 1960s was the beating heart of the United States a global metropolis thriving on its abundance and diversity But in a short time Gotham went through an extraordinary transition The postwar golden years gave way to a frantic era of social political racial and economic turmoil Groups with their own distinct ideological aims gained a presence in the city And with this frenzied new era came a new wave of violence Terrorism has had an impact on the course of US history far greater and for far longer than is commonly understood The ripple effects of this largely forgotten moment and importantly how the authorities countered have played a significant role in how contemporary American life has unfolded Professor at the Center on Terrorism at the John Jay College of Criminal Justice David Viola unveils archival collections newly declassified files and preserved court records in this groundbreaking account of New York City s divergent radical groups bringing to light a candid picture of remarkable people in a remarkable setting **Works** William Makepeace Thackeray,1900 *Coal Report* Illinois.
