Cabas Choice:

Choice Cuts Mark Kurlansky, 2012-07-18 Every once in awhile a writer of particular skills takes a fresh seemingly improbable idea and turns out a book of pure delight That s how David McCullough described Mark Kurlansky s *Cod A Biography of the Fish That Changed the World* a work that revealed how a meal can be as important as it is edible *Salt A World History* its successor did the same for a seasoning and confirmed Kurlansky as one of our most erudite and entertaining food authors Now the winner of the James Beard Award for Excellence in Food Writing shares a varied selection of choice cuts by others as he leads us on a mouthwatering culinary tour around the world and through history and culture from the fifth century B C to the present day *Choice Cuts* features more than two hundred pieces from Cato to Cab Calloway Here are essays by Plato on the art of cooking Pablo Neruda on french fries Alice B Toklas on killing a carp M F K Fisher on the virility of Turkish desserts Alexandre Dumas on coffee W H Auden on Icelandic food Elizabeth David on the downward march of English pizza Claude L vi Strauss on the idea of rotten James Beard on scrambled eggs Balzac Virginia Woolf E M Forster Chekhov and many other famous gourmards and gourmets accomplished cooks or just plain ravenous writers on the passions of cuisine

The Avenging-Woman On-Screen Lara C. Stache, Rachel D. Davidson, 2023-09-25 In *The Avenging Woman On Screen Female Empowerment and Feminist Possibilities* Lara C Stache and Rachel D Davidson demonstrate how the on screen character of the avenging woman offers a complex construction of femininity that serves as a representation of cultural conversations about female empowerment female agency and feminism This character is both woman and hero typically both physically appealing and physical aggressive a dichotomy that goes against traditional gendered norms of femininity Television and film narratives produced since 2010 the authors posit offer an opportunity to reflect on and consider the evolution of cultural ideologies about women and power given the significant cultural shifts in Hollywood that occurred amid the MeToo explosion and post Harvey Weinstein revelations Stache and Davidson argue that depictions of the avenging woman utilize a feminist language of empowerment that suggests the potential for a subversive message against the

patriarchy while also recognizing that an alternative reading of some representations presents at times a hegemonic construction of empowerment that ultimately cautions against subversion within patriarchal systems The authors question how these representations may limit social change or in some cases represent particularly progressive rhetorics about women and power Scholars of communication media studies film and television studies and women s studies will find this book of particular interest **Billboard** ,2002-03-30 In its 114th year Billboard remains the world s premier weekly music publication and a diverse digital events brand content and data licensing platform Billboard publishes the most trusted charts and offers unrivaled reporting about the latest music video gaming media digital and mobile entertainment issues and trends
