Big Red Fire Engine Ken Wilson-Max,2013-06-01 Back by popular demand Ken Wilson Max s popular and innovative novelty transport books are packed full of tabs to pull flaps to lift and pop ups to pop An utter delight for children and parents The bell rings in the fire house there is a fire somewhere Someone needs help Open the doors and drive the big red fire engine across town Put up the big ladder and aim the water hose at the flames to put them out Well done You have saved the day Masses of wonderfully fun interactive elements Learn about all kinds of transport which is always a popular topic for children Bright bold illustrations Other titles in the series Little Red Plane Big Blue Engine and Little Green Tow Truck [Big Red Fire Truck](#) Ken Wilson-Max,2001 An interactive book lets youngsters take an exciting ride on the Big Red Fire Truck where they can drive safely through traffic connect the hose raise the ladder shoot the water and much more **The Bone Bodies** David Martin,2012-10 It was still light so I decided to venture out into the garden I had never walked out of an argument before and certainly not one at such an early stage I think we were both quite pig headed and my pride had taken an instant punch to the kidney I didn t expect Rachel to follow me outside and I certainly didn t want her to I had slighted her suggestion and she had taken it badly I knew I should have stayed talked it through and made her see my side of things I should have told her that I would do this film and if the future didn t work out as I hoped then I would consider her proposal Hell as an accountant she would set the business up for me and keep all the books All I would have to do was do up shitty old houses Most of it was all cosmetic anyway a lick of paint here a new carpet there a few light fittings and stuff All done on the cheap supermarket goods made to look expensive People would pay more for the houses giving me more profit Once they moved in they could take all my crappy fittings out if they wanted to it wouldn t bother me in the slightest I had the skill for it and that was one of the most important factors in her proposal The one thing I didn t have just now was the will to do it and that made one bitch of a difference I walked down the path at the front of the house I marvelled at my own work as I passed by the grass was neatly cut and was growing in neat strips making it look like a professionally cut soccer pitch or tennis court The gravel driveway was well laid and even There were a couple of stone sculptures at either end of the drive In fact they weren t stone at all but a kind of outdoor material made to look like stone They were weighted down with sand and looked pretty authentic I figured that if my movie was a success and I got other roles soon I would invest in some real stone ones I wandered right down to the end of the drive where our land meets the main road When I say main road I don t mean a major carriageway it was actually a B road which led towards the M1 There wasn t a lot of traffic around at the best of times although tonight was unusually silent I couldn t even hear the usual dull and distant roar of the traffic from the motorway as a thousand souls passed in the near vicinity of my life Tonight there seemed to be nobody about not even in the distance It was just the night for a perfect murder Why that thought entered my head I was unsure it just suddenly popped in there and refused to budge It was disturbing that I should have such an idea so easy but there it was I could kill Rachel and then there

would be no reason why I couldn't do whatever I wanted I could act forever I could paint houses forever whatever the fuck I wanted to do With her out of the way there would be nothing to stop me except my own ambition I couldn't quite believe I was having these thoughts I know that everyone is prone to the occasional lapse in normal behaviour but it usually passes in a moment or two It also leads to intense remorse that the thought ever occurred Not in this case though The thought of digging a grave right here and now and luring Rachel here throwing her into the newly dug hole and covering it with earth She would scream for a while but there would be nobody to hear her I would keep filling the hole with earth and then the screaming would stop She would be gone forever I would report her missing and she would never be found I would be looked at with sympathy and my career would skyrocket because of it I would be the hero who came back from the brink to relaunch a successful acting career I would marry a supermodel but not before a string of torrid but highly sexually charged relationships had taken place I had a peculiar sensation of déjà vu as if this wasn't exactly a new thought or indeed a new experience for me I did

Confessions of a Lapsed Neo-Davidsonian Samuel Louis Bayer,1997 Contrasts the Davidsonian strategy of sentence semantics which treats verbs as sets of ordered sequences of participants then extends the sequences to embrace the swell event with the neo Davidsonian which considers verbs as sets of events and associates participants with these events through relations called thematic roles Attempts to choose between them by focusing specifically on how meanings are constructed at the level of sentences and phrases Finds deficiencies in both approaches and proposes an improved neo Davidsonian account Revised from a 1996 Ph D dissertation for Brown University Annotation copyrighted by Book News Inc Portland OR **All About Big Red Fire Engines** , *Black Authors and Illustrators of Books for Children and Young Adults* Barbara Thrash Murphy,Deborah L.
