Border Crossings ,2004 **From Page to Screen / Vom Buch zum Film** Manuel Almagro-Jiménez,Eva Parra-Membrives,2020-10-05 For a long time now women have struggled for the vindication of their rights and for their visibility This struggle may seem a story of success maybe not complete or equal for all women but at least one which slowly but surely carries with it the promise of equality for all women However a closer look reveals that in various fields of culture the representation of women frequently undergoes a manipulation which makes the image of women lose the intention initially attempted This is often the case with adaptations of literary texts to the screen when the initial literary message is changed because of for example marketing demands or some ideological stance Rarely do we find the opposite case where the indifferent or emasculated original female characters are turned into guardians and or apologists of feminine power The present volume focuses precisely on the way in which the image of women is modified in films and TV series when compared with the original literary texts Icons of Style Paul Martineau ,2018-07-10 In 1911 the French publisher Lucien Vogel challenged Edward Steichen to create the first artistic rather than merely documentary fashion photographs a moment that is now considered to be a turning point in the history of fashion photography As fashion changed over the next century so did the photography of fashion Steichen s modernist approach was forthright and visually arresting In the 1930s the photographer Martin Munkcsi pioneered a gritty photojournalistic style In the 1960s Richard Avedon encouraged his models to express their personalities by smiling and laughing which had often been discouraged previously Helmut Newton brought an explosion of sexuality into fashion images and turned the tables on traditional gender stereotypes in the 1970s and in the 1980s Bruce Weber and Herb Ritts made male sexuality an important part of fashion photography Today following the integration of digital technology teams like Inez Vinoodh and Mert Marcus are reshaping our notion of what is acceptable not just aesthetically but also technically and conceptually in a fashion photograph This lavishly illustrated survey of one hundred years of fashion photography updates and reevaluates this history in five chronological chapters by experts in photography and fashion history It includes more than three hundred photographs by the genre s most famous practitioners as well as important but lesser known figures alongside a selection of costumes fashion illustrations magazine covers and advertisements *The Connoisseur* ,1988 **Notices généalogiques tournaisiennes dressées sur titres** P.-A. de
