[A Reduced Photographic Reprint of the Edition of 1960, with an Amended Bibliography.]** Lewis Carroll,Martin Gardner,John Tenniel,1965 **Northrop Frye and Others** Robert D. Denham,2015-08-20 Eminent Northrop Frye scholar Robert D Denham explores the connection between Frye and twelve writers who influenced his thinking but about whom he didn t write anything expansive Denham draws especially on Frye s notebooks and other previously unpublished texts now available in the Collected Works of Frye Such varied thinkers as Aristotle Lewis Carroll S ren Kierkegaard and Paul Tillich emerge as important figures in defining Frye s cross disciplinary interests Eventually the twelve Others of the title come to represent a space occupied by writers whose interests paralleled Frye s and helped to establish his own critical universe [Alice's Adventures in Wonderland Decoded](#) David Day,2015-09-29 This gorgeous 150th anniversary edition of Alice s Adventures in Wonderland is also a revelatory work of scholarship Alice s Adventures in Wonderland published 150 years ago in 1865 is a book many of us love and feel we know well But it turns out we have only scratched the surface Scholar David Day has spent many years down the rabbit hole of this children s classic and has emerged with a revelatory new view of its contents What we have here he brilliantly and persuasively argues is a complete classical education in coded form Carroll s gift to his wonder child Alice Liddell In two continuous commentaries woven around the complete text of the novel for ease of cross reference on every page David Day reveals the many layers of teaching concealed by manipulation of language that are carried so lightly in the beguiling form of a fairy tale These layers relate directly to Carroll s interest in philosophy history mathematics classics poetry spiritualism and even to his love of music both sacred and profane His novel is a memory palace given to Alice as the great gift of an education It was delivered in coded form because in that age it was a gift no girl would be permitted to receive in any other way Day also shows how a large number of the characters in the book are based on real Victorians Wonderland he shows is a veritable Who s Who of Oxford at the height of its power and influence in the Victorian Age There is so much to be found behind the imaginary characters and creatures that inhabit the pages of Alice s Adventures in Wonderland David Day s warm witty and brilliantly insightful guide beautifully designed and stunningly illustrated throughout in full colour will make you marvel at the book as never before **The annotated Alice : Alice's adventures in wonderland and Through the looking glass** Lewis Carroll,1979 [Varieties of Victorianism](#) Gary Day,1998-11-12 The essays collected here all take issue with the claim that

the Victorian period is the antithesis of our own They show how characteristic postmodern anxieties and celebrations concerning truth certainty and identity informed Victorian culture at all levels Covering everything from attitudes to drink to the poetry of Browning from the Great Exhibition to the Elephant Man this volume shows not only how the Victorians coped with these challenges but also what lessons they have for us today *The Annotated Alice, by Lewis Carroll* Lewis Carroll,1964 **The Place of Lewis Carroll in Children's Literature** Jan Susina,2013-02-01 In this volume Jan Susina examines the importance of Lewis Carroll and his popular Alice books to the field of children s literature From a study of Carroll s juvenilia to contemporary multimedia adaptations of Wonderland Susina shows how the Alice books fit into the tradition of literary fairy tales and continue to influence children s writers In addition to examining Carroll s books for children these essays also explore his photographs of children his letters to children his ill fated attempt to write for a dual audience of children and adults and his lasting contributions to publishing The book addresses the important but overlooked facet of Carroll s career as an astute entrepreneur who carefully developed an extensive Alice industry of books and non book items based on the success of Wonderland while rigorously defending his reputation as the originator of his distinctive style of children s stories [The Annotated Alice](#) Lewis Carroll,1966 [More Annotated Alice](#) Lewis Carroll,Martin Gardner,1990 Alice travels to Wonderland first when she falls through a rabbit hole and a second time when she goes through a mirror to the other side **Alice's Adventures in Wonderland and Through the Looking Glass** Donald Rackin,1991 Examines how the Alice books address issues that concerned mid Victorians on the brink of the modern era **Knight Letter** ,2001
