Constant Reminder:

Simple Meditations Nadrian Felecia Teclar, 2007-10 This is a book of Poetic writings that will urge the reader to look at the beauty of life but also to consider the greater meaning of one's life to find the purpose and meaning of it all The writings were inspired by observing the beauty of nature and examining the beauty of life's experience along with the struggle of life that helps us to know our greater meaning In everything that we see there is a meaning deeper than what meets the eye and these Simple Meditations words for the soul will help us to take a step back enjoy the beauty of life and meditate on its abundance They are written from a simplistic viewpoint to encourage one to get a closer introspective look at our higher purpose Enjoy the readings *God's Relentless Pursuit of His Beloved Fugitives* William E. Richardson, In our efforts to navigate life's difficulties we often stray from the path into dark and dangerous woods Sometimes the challenges divert us other times our desire to avoid difficulties creates the detour Either way we stumble into the brambles where we become bruised and lost Worse in that wilderness we come to feel like fugitives Confronted by our inability or unwillingness to answer God's invitation we surrender instead to an ancient human urge we flee further into the shadows We wish to hide from His gaze which we fear we cannot endure Or we seek to escape His calling which we are convinced we cannot live up to Yet the Hound of Heaven as the poet Francis Thompson once observed is hot on our heels Regardless of why we may run however fast we flee and no matter how unwanted our straying may make us feel God remains nearby His pursuit of us is relentless His love for us is unquenchable Harken to the Hound's call as you walk in the footsteps of Biblical brothers and sisters Seek your own response to His eternal invitation as you rediscover the powerful promise of Romans 8:38-39 For I am sure that nothing will be able to separate us from the love of God in Christ Jesus our Lord EmotiConversations John Pletcher, Holly Hall-Pletcher, 2016-03-10 How do you juggle workplace emotions Dark and stormy seasons blow your way Spectacular new opportunities emerge Grief and loss descend Financial crises loom Office politics and busyness press on your soul What about romantic tensions rivalry and bouts of bitterness Must leaders shrug settle and simply tolerate such rugged scenarios or could your accompanying responses actually become powerfully transformative creating personal growth and a more redemptive impact on others EmotiConversations winsomely invites leaders movers and shakers working across various fields to step into more intentional development in their deepest places Get ready to encounter dynamically reflective redemption for your own soul for clients and coworkers and even for people in far off places round the globe A creative mix intriguing stories motivating themes from the biblical narrative of Ruth and savvy life skills all stir together challenging leaders to personally morph toward genuine emotional intelligence You'll develop sharper skills to navigate your highs and lows and more authentically reflect the face of God *Mobile Assisted Language Learning Across Educational Contexts* Valentina Morgana, Agnes Kukulska-Hulme, 2021-02-10 This concise collection critically reflects on mobile assisted language learning research across educational stages from early childhood through to university settings The volume traces

the development of MALL practices through researchers and teachers efforts to make sense of the impact of mobile technologies on formal and informal second language learning and development The chapters explore a range of topics around mobile learning design implementation and affordances across different educational and geographic contexts drawing on both qualitative and quantitative perspectives In so doing the book creates a broader conversation around the importance of continuity in the successful integration of MALL practices into L2 learning curricula across the educational lifespan This book will appeal to students and scholars in applied linguistics and language teaching and learning especially to those with a specific interest in mobile technologies
