The Different Faces of Autonomy Maartje Hannah Nicolette Schermer, 2001

The Challenge of Facework Stella Ting-Toomey, 1994-01-01 This book addresses the cross cultural variations in the conceptions of face and facework from a multidisciplinary communication perspective Facework represents one of the most important theoretical concepts available to us in contemporary communication literature as it encompasses a dynamic network of cross cultural social cognitive affective interpersonal interactional and identity issues The book serves a dual purpose to raise issues and to extend some of the current ideas in face and facework research in the cross cultural and interpersonal communication settings and to illuminate some specific directions for future research into the face and facework management process Face and facework are presented in conjunction with phenomena such as politeness request interaction embarrassment conflict business negotiation and international diplomacy **The Palgrave Handbook of**

Linguistic (Im)politeness Jonathan Culpeper, Michael Haugh, Dániel Z. Kádár, 2017-05-11 This handbook comprehensively

examines social interaction by providing a critical overview of the field of linguistic politeness and impoliteness Authored by over forty leading scholars it offers a diverse and multidisciplinary approach to a vast array of themes that are vital to the study of interpersonal communication The chapters explore the use of im politeness in specific contexts as well as wider developments and variations across cultures and contexts in understandings of key concepts such as power emotion identity and ideology Within each chapter the authors select a topic and offer a critical commentary on the key linguistic concepts associated with it supporting their assertions with case studies that enable the reader to consider the practicalities of im politeness studies This volume will be of interest to students and scholars of linguistics particularly those concerned with pragmatics sociolinguistics and interpersonal communication Its multidisciplinary nature means that it is also relevant to researchers across the social sciences and humanities particularly those working in sociology psychology and history

Facework Kathy Domenici, Stephen W. Littlejohn, 2006-04-27 Written in a clear engaging style Facework Bridging Theory and Practice introduces a new paradigm that identifies facework as the key to communication within the management of difference Authors Kathy Domenici and Stephen W Littlejohn illustrate how facework is a central process in the social construction of both identity and community

Negotiating multiple identities Kiyoko Sueda, 2014-05-05 This book uses a post modern approach to explore how Japanese returnee students kikokushijo and former returnees who work in Japanese industry negotiate multiple identities Methodological triangulation is used to study inner perception of face emotional state and the dynamics of negotiating multiple layering of identities The work considers the relationship between face and identities and the function of the affective aspects of face shame and pride in identity negotiation Readers will discover how Japanese returnees deal with shame and pride in face threatening or face promoting situations that affect their identity negotiation Many such returnees stayed abroad because of their parents jobs and the author explores variations among them in terms of how they identify with their identity as a returnee We discover how there are multiple levels of identities instead of identity as a singular Two phases of research carried out across ten years and involving some participants in both phases are explored in this work Although the participants in the research are Japanese returnees the findings drawn from the study have implications for others who spend an extensive period of time overseas who migrate from one place to another or who have multiple cultural backgrounds The book incorporates ideas from Western and Eastern literature on intercultural communication sociology and social psychology and it blends both micro and macro analysis This book is recommended for scholars educators students and practitioners who seek to understand better how people negotiate their multiple identities in this globalising world

Theorizing About Intercultural Communication William B. Gudykunst, 2005 In *Theorizing About Intercultural Communication* editor William B Gudykunst brings together key theories that have shaped and influenced human intercultural communication This text provides an excellent overview of the major theories currently in use and examines how these theories will also support the foundation for future research in this area Contributors to this text include
