Monthly Bulletin St. Louis Public Library, 1915 Teachers bulletin vol 4 issued as part of v 23 no 9 *The Cambridge Companion to the Age of Constantine* Noel Emmanuel Lenski, 2012 This volume presents a comprehensive survey of Emperor Constantine and his times It examines political history religion social and economic history art and foreign relations as well as the intimate interplay between emperor and empire *Writing the North of the North / L'Écriture du Nord du Nord / Den Norden des Nordens (be-)schreiben* Annie Bourguignon, Konrad Harrer, 2019-11-29 The expression North of the North refers both to an objective geographical reality the territories situated at the highest latitudes on our planet and to a subjective mental construction which came into being many centuries ago and has been developed modified and differentiated ever since The chapters in the present volume examine various aspects of that concept analysing texts and works of art from a range of regions and periods La notion de Nord du Nord renvoie tout autant la réalité géographique objective que sont les territoires des latitudes les plus élevées de notre planète qu'une construction mentale subjective qui s'est constituée et développée et modifiée au cours du temps Les contributions du présent volume se proposent d'en explorer les multiples facettes en recourant des textes et œuvres d'art d'époques et de provenances diverses Der Begriff Norden des Nordens verweist sowohl auf eine objektive geographische Wirklichkeit nämlich die in den höchsten Breitengraden unseres Planeten gelegenen Territorien als auch auf eine subjektive mentale Konstruktion die im Laufe der Zeiten entstanden ist sich fortentwickelt und ausdifferenziert hat Die im vorliegenden Band enthaltenen Beiträge erforschen die vielfältigen Facetten dieses Begriffs anhand von Texten und Kunstwerken aus verschiedenen Regionen und Epochen [Power and Rhetoric in the Ecclesiastical Correspondence of Constantine the Great](#) Andrew J. Pottenger, 2022-11-30 This volume closely examines patterns of rhetoric in surviving correspondence by the Roman emperor Constantine on conflicts among Christians that occurred during his reign primarily the Donatist schism and Arian controversy Commonly remembered as the first Christian emperor of the Roman Empire Constantine's rule sealed a momentous alliance between church and state for more than a millennium His well known involvement with Christianity led him to engage with two major disputes that divided his Christian subjects the Donatist schism centred from the emperor's perspective on determining the rightful bishop of Carthage and the so called Arian controversy a theological conflict about the proper understanding of the Son's divine nature in relation to that of the Father This book examines a number of letters associated with Constantine that directly address both of these disagreements exploring his point of view and motivations to better understand how and why this emperor applied his power to internal church divisions Based on a close analysis of prominent themes and their functions in the rhetoric of his correspondence Pottenger argues that three doctrines of power served to inform and direct Constantine's use of power as he engaged with these problems of schism and heresy *Power and Rhetoric in the Ecclesiastical Correspondence of Constantine the Great* is of interest to students and scholars of early Christianity and the history of the later Roman Empire *René Schickele and*

The Power of Religion in Late Antiquity Andrew Cain, 2016-09-17 Late Antiquity witnessed a dramatic recalibration in the economy of power and nowhere was this more pronounced than in the realm of religion The transformations that occurred in this pivotal era moved the ancient world into the Middle Ages and forever changed the way that religion was practiced The twenty eight studies in this volume explore this shift using evidence ranging from Latin poetic texts to Syriac letter collections to the iconography of Roman churches and Merovingian mortuary goods They range in chronology from the late third through the early seventh centuries AD and apply varied theories and approaches All converge around the notion that religion is fundamentally a discourse of power and that power in Late Antiquity was especially charged with the force of religion The articles are divided into eight sections which examine the power of religion in literature theurgical power over the divine emperors and the deployment of religious power limitations

on the power of the ecclesiastical hierarchy the use of the cross as a symbol of power Rome and its transformation as a center of power the power of religion in the barbarian west and religious power in the communities of the east This kaleidoscope of perspectives creates a richly illuminating volume that add a new social and political dimension to current debates about religion in Late Antiquity Bulletin bibliographique de la Société internationale arthurienne International Arthurian Society,1975 **The Great Texts of the Bible: Acts and Romans I-VIII** James Hastings,1911 **Romans** Alfred Ernest Garvie,1901 **A Critical and Exegetical Commentary on the Epistle to the Romans** William Sanday,Arthur C.
