The Jews in Medieval Normandy Norman Golb,1998-05-04 This 1998 book is a comprehensive account of the high Hebraic culture developed by the Jews in Normandy during the Middle Ages and in particular during the Anglo Norman period This culture has remained virtually unknown to the public and to the scholarly world throughout modern times until a combination of recent manuscript discoveries and archaeological findings delineated this phenomenon for the first time The book explores the origins of this remarkable community beginning with topographical evidence pointing to the arrival of the Jews in Normandy as early as Roman and Gallo Roman times through autograph documentary testimony available in the Cairo Genizah manuscripts and early medieval Latin sources finally using the rich manuscript evidence of twelfth and early thirteenth century writers which attest to the high cultural level attained by this community and to its social and political interaction with the Christian world of Anglo Norman times and their aftermath **A Sketch of the History of Dieppe,** ,1832 **The Dieppe Raid** Robin Neillands,2005 In 1942 a full two years before D Day thousands of men mostly Canadian troops eager for their first taste of battle were sent across the Channel in a raid on the French port town of Dieppe Air supremacy was not secured the topography of the town and its surroundings hemmed in by tall cliffs and steep beaches meant any invasion was improbably difficult the result was carnage the beaches turned into killing grounds even as the men came ashore and whole regiments literally decimated Why was the Raid ever mounted Was the whole thing even as has been darkly alleged expected and even intended to fail a cynical conspiracy to prove to the Americans at the expense of so many Canadian lives the impracticability of staging the Normandy landings for another two years Robin Neillands goes behind the myths to tell what really happened and why **A handbook for visitors to Paris.
