Healing The Child Within Kelly Wallace, 2015-01-25

I never realized how many of my problems and life's obstacles were rooted in childhood Thank you Kelly for showing me how to change everything Bonnie I did every exercise in this book and felt like Kelly was with me each and every step of the way I cried I laughed I raged and I have now embraced a wonderful new life where my adult self is in control Wow Denise How I wish this book had been written decades ago It would have saved me so many of the hardships I've been through Kelly's book is clear concise friendly and extraordinary I've recommended it to all my friends Carol The main reason you haven't realized your true potential and accomplished your dreams is because you have a poor relationship with your inner child You're split off from this little person that was you many years ago When you divide yourself this way you're never really whole and these two parts of you are always working against one another You think you're an adult guiding your life along but nothing could be further from the truth Throughout this book we'll look at various ways your younger self was misguided and poorly programmed and ways to open up communication and heal her You'll forge a new and better life path that will get you where you want to go You'll rewrite the early childhood life script you've been reciting all these years and release outworn beliefs that were firmly put into place by your caregivers It will take time and patience but you'll learn to love and protect that precious part of you so you can work together at last though you'll be the one in the driver's seat from now on And now your journey begins
