Bonnard The Complete Graphic Work:

Bonnard Francis Bouvet, Pierre Bonnard, 1981 **Bonnard** Francis Bouvet, 1981 **Painting and Sculpture in Europe, 1880-1940** George Heard Hamilton, 1993-01-01 This new edition of a book that offers the best available grounding in its huge subject as the Sunday Times called it includes color plates and a revised and expanded bibliography Professor Hamilton traces the origins and growth of modern art assessing the intrinsic qualities of individual works and describing the social forces in play The result is an authoritative guide through the forest of artistic labels Impressionism and Expressionism Symbolism Cubism Constructivism Surrealism etc and to the achievements of Degas and Cezanne Ensor and Munch Matisse and Kandinsky Picasso Braque and Epstein Mondrian Dali Modigliani Utrillo and Chagall Klee Henry Moore and many other artists in a revolutionary age

The Poster Ruth E. Iskin, 2014-10-07 The Poster Art Advertising Design and Collecting 1860s 1900s is a cultural history that situates the poster at the crossroads of art design advertising and collecting Though international in scope the book focuses especially on France and England Ruth E Iskin argues that the avant garde poster and the original art print played an important role in the development of a modernist language of art in the 1890s as well as in the adaptation of art to an era of mass media She moreover contends that this new form of visual communication fundamentally redefined relations between word and image poster designers embedded words within the graphic rather than using images to illustrate a text Posters had to function as effective advertising in the hectic environment of the urban street Even though initially commissioned as advertisements they were soon coveted by collectors Iskin introduces readers to the late nineteenth century iconophile a new type of collector curator archivist who discovered in poster collecting an ephemeral archaeology of modernity Bridging the separation between the fields of art design advertising and collecting Iskin s insightful study proposes that the poster played a constitutive role in the modern culture of spectacle This stunningly illustrated book will appeal to art historians and students of visual culture as well as social and cultural history media design and advertising

The Nabis and Intimate Modernism Katherine M. Kuenzli, 2017-07-05 Providing a fresh perspective on an important but underappreciated group of late nineteenth century French painters this is the first book to provide an in depth account of the Nabis practice of the decorative and its significance for twentieth century modernism Over the course of the ten years that define the Nabi movement 1890 1900 its principal artists included Edouard Vuillard Pierre Bonnard Maurice Denis Paul Sier and Paul Ranson The author reconstructs the Nabis relationship to Impressionism mass culture literary Symbolism Art Nouveau Wagnerianism and a revolutionary artistic tradition in order to show how their painterly practice emerges out of the pressing questions defining modernism around 1900 She shows that the Nabis were engaged nonetheless with issues that are always at stake in accounts of nineteenth century modernist painting issues such as the relationship of high and low art of individual sensibility and collective identity of the public and private spheres The Nabis and Intimate Modernism is a rigorous study of the intellectual and artistic endeavors that inform the Nabis decorative domestic paintings in the 1890s and

argues for their centrality to painterly modernism The book ends up not only re positioning the Nabis to occupy a crucial place in modernism s development from 1860 to 1914 but also challenges that narrative to place more emphasis on notions of decoration totality and interiority Interpreting Visual Culture Ian Heywood,Barry Sandywell,2005-07-28 Ranging from an analysis of the role of vision in current critical discourse to discussion of examples taken from the visual arts ethics and sociology this collection presents material on the interpretation of the visual in modern culture **The William Appleton Coolidge Collection** Peter C. Sutton,Museum of Fine Arts, Boston,1995 The collection formed by William Appleton Coolidge speaks of a remarkable breadth of taste of a spirit responsive to works of art of all periods and of visual discrimination of a high order Many of the works are intimate in scale appropriate for domestic contemplation and it is no surprise that this most unselfish of collectors delighted in sharing his prized possessions with his friends But he was also keen to benefit a wider audience for years the finest of them were on loan to the Museum of Fine Arts and before his death Mr Coolidge had begun to donate masterpieces including the paintings by Rubens and Signac There have been collectors who formed larger and greater collections however there were very few who cast their net as broadly as William Coolidge while sustaining such a consistently high level of quality His catholicity of taste is a characteristic virtue of the Boston past namely its intellectual curiosity about different times and peoples and its receptivity to good ideas regardless of point or period of origin There is still much to be learned and enjoyed in such an attitude **Art Books** Wolfgang M. Freitag,2013-10-28 First published in 1997 For this second edition of Art Books A Basic Bibliography of Monographs on Artists the vast number of new books published since 1985 was surveyed and evaluated This has resulted in the selection of 3 395 additional titles These selections reflective of the increase in the monographic literature on artists during the last ten years are evidence of the activities of a larger number of art historians in more countries worldwide of the increasingly diverse and ambitious exhibition programs of museums whose number has also increased dramatically and also of a lively international art market and the attendant gallery activities The selections of the first edition have been reviewed errors have been corrected and important new editions and reprints have been noted The second edition contains 278 names of artists not represented in the first edition

The Bride Stripped Bare Janet Hobhouse,1988 The book is a study of thirteen twentieth century artists and of the erotic and effective sensibilities expressed in their work Matisse s odalisques and Picasso s demoiselles Bonnard s bathers Balthus s Lolitas and de Kooning s harpies By exploring the relationship between artist and model the author examines what such artists seek to express through the form of the nude whether the result is closer to portraiture as in the work of Lucian Freud or violently abstract as in Picasso The complex relationship between biography and art is also considered in the work of Bonnard and Schiele whose marriages radically changed their treatment of the nude **BOOK JACKET** Waterstone's Guide to Books ,1989 **Graphis** ,1983 **Art & Architecture** Swann Galleries,1990 Catalogue Bloomsbury Book Auctions (Firm),1990 **Choice** ,1989 Gordon's Print Price Annual ,1993 **Gordon's Print Price Annual, 1983** Thomas

Wolf,1984 *Gawkers* Bridget Alsdorf,2022-03-22 How the urban spectator became the archetypal modern viewer and a central subject in late nineteenth century French art *Gawkers* explores how artists and writers in late nineteenth century Paris represented the seductions horrors and banalities of street life through the eyes of curious viewers known as badauds In contrast to the singular and aloof bourgeois fl neur badauds were passive collective instinctive and highly impressionable Above all they were visual captivated by the sights of everyday life Beautifully illustrated and drawing on a wealth of new research *Gawkers* excavates badauds as a subject of deep significance in late nineteenth century French culture as a motif in works of art and as a conflicted model of the modern viewer Bridget Alsdorf examines the work of painters printmakers and filmmakers who made badauds their artistic subject including Flix Vallotton Pierre Bonnard Henri de Toulouse Lautrec Honor Daumier Edgar Degas Jean L on G r me Eug ne Carri re Charles Angrand and Auguste and Louise Lumi re From morally and intellectually empty to sensitive empathetic and humane the gawkers these artists portrayed cut across social categories They invite the viewer s identification even as they appear to threaten social responsibility and the integrity of art Delving into the ubiquity of a figure that has largely eluded attention idling on the margins of culture and current events *Gawkers* traces the emergence of social and aesthetic problems that are still with us today **Artists' Books in the Modern Era 1870-2000** Robert Flynn Johnson,Donna Stein,2001 Featuring 180 volumes from the collection an extensive overview of important artists of the modern period and the art they created by integrating image and text Foreword **American and European Prints** ,1985 *Cecil Higgins Art Gallery* Cecil Higgins Art Gallery,2004 Prints mainly drawn from the 19th and 20th centuries but with a few examples of earlier work
