Of Gradual Sayings Set:

Buddha and His Teachings, The Ven. Narada Thera, 2017-06-10 This is one of the clearest and most detailed introductions to the fundamental teachings of Buddhism available in English In simple and lucid language the author explains the doctrines and concepts which form the common bedrock of Buddhism as they have been preserved by the Theravada school The first part of the work is devoted to the life of the Buddha The remainder of the book explains in detail the Buddha's teachings the final chapter showing the relevance of Buddhism to the problems of modern life *The Buddhist World of Southeast Asia* Donald K. Swearer, 2012-02-01 An unparalleled portrait Donald K Swearer's Buddhist World of Southeast Asia has been a key source for all those interested in the Theravada homelands since the work's publication in 1995 Expanded and updated the second edition offers this wide ranging account for readers at the beginning of the twenty first century Swearer shows Theravada Buddhism in Southeast Asia to be a dynamic complex system of thought and practice embedded in the cultures societies and histories of Thailand Myanmar Burma Laos Cambodia and Sri Lanka The work focuses on three distinct yet interrelated aspects of this milieu The first is the popular tradition of life models personified in myths and legends rites of passage festival celebrations and ritual occasions The second deals with Buddhism and the state illustrating how King Asoka serves as the paradigmatic Buddhist monarch discussing the relationship of cosmology and kingship and detailing the rise of charismatic Buddhist political leaders in the postcolonial period The third is the modern transformation of Buddhism the changing roles of monks and laity modern reform movements the role of women and Buddhism in the West **The Book of the Gradual Sayings: The books of the fives and sixes**, 1960 **Saying Goodbye** Anita G. Schmukler, 2013-05-13 Termination of psychoanalysis or psychotherapy is centrally important both to the process of treatment and to the patient's experience of treatment It is surprising then that there has heretofore been no comprehensive study of the subject This book begins to bridge the gap in this area It is the first volume devoted entirely to issues surrounding the ending of treatment in analytic and therapeutic work with children and adolescents Organized into separate clinical and theoretical sections framed by a preface and sectional introductions and covering a wide range of psychopathology this book explores the different ways in which children and adolescents grapple with the experience of separation at the conclusion of treatment Of special note is the contributors' recognition that the parents of children ending treatment face their own termination experience in relinquishing the support of their child's therapist The presentations are enriched as well by frank discussions of countertransference as it enters into the termination phase of treatment **Jesus Tradition, Early Christian Memory, and Gospel Writing** Alan Kirk, 2023-08-15 Breaking a 200 year impasse on the origins of the gospels Biblical scholars want to get to the roots of the gospels the very earliest memories of Jesus and his world Though scholars know about all the major concepts at work Q the Urgospel priority it seems like a definitive solution to the Synoptic problem is hopelessly unattainable Why the impasse And where do we go from here In *Jesus Tradition Early Christian Memory and Gospel Writing* Alan Kirk

guides us through the history of biblical scholars quest for the authentic source Kirk reveals that outdated assumptions about ancient media realities have caused the past two centuries of academic deadlock Using cutting edge scholarship on orality memory and tradition formation he shows how the origins of the gospels may be found in the memory practices of the earliest Jesus communities Jesus Tradition Early Christian Memory and Gospel Writing is an essential resource for scholars and students looking to better understand this complex and rapidly changing field

Verbal Aspect in Synoptic Parallels Wally V. Cirafesi,2013-04-15 In Verbal Aspect in Synoptic Parallels Wally Cirafesi answers the question of why the Synoptic Gospels at times employ different tense forms to communicate the same action The problem has typically been explained from the perspective of redaction criticism and temporal Aktionsart approaches to the Greek verb Cirafesi challenges these approaches by reframing the discussion in terms of recent advances in verbal aspect theory and discourse analysis He convincingly demonstrates that such differences in tense form usage have to do with how each Gospel writer wishes to construct their discourses according to various levels of linguistic prominence
