Challenge Encounter Behind The Scenes:

The Politics of Christian Zionism 1891-1948 Paul C. Merkley, 2012-10-12 For this book Professor Merkley has researched presidential archives Jewish historical libraries and official Zionist records in the US and in Israel for evidence of the dealings between official Zionists and active Christian Restorationists Much of this record appears here for the first time in print and is linked to the much better known history of the relationship between the official Zionists and the politicians and leaders of the US and Britain

Fifty Years of Jewish Self-governance Hasia R. Diner, 1989 **The Publishers' Trade List Annual**, 1970 **Forced Migration in Education: Challenges and Opportunities** Vibeke Solbue, Yuka Kitayama, Ailbhe Kenny, 2026-03-05 Worldwide people are fleeing war climate change political and economic crises as well as persecution Almost half of these refugees however have no access to education While refugees are often included in research on immigrants in education they hold a unique position which warrants specific attention The educational policies and practices for refugees vary reflecting differing approaches to integration diversity and inclusiveness What is clear however is that education plays a crucial role in meeting the needs and rights of those seeking refuge This issue aims to explore and understand educational responses to refugee education Within educational research on immigration and inclusion refugees perspectives are often included but different challenges exist than for other migrants Therefore this Research Topic intends to gain increased knowledge about refugee education from a variety of contexts and differing perspectives in order to provide nuanced understandings of the field In particular the topic aims to highlight the transformational opportunities that refugees can offer that are often missed or silenced due to existing educational systems based on modernist national structures By gaining increased knowledge about the challenges of refugee education but also opportunities we hope to collectively challenge the field of education to better accommodate and facilitate educational experiences from both global and local perspectives Against this backdrop this Research Topic seeks to address refugees in education from varying contexts for instance education in refugee camps in separate introductory classes in preschool primary education secondary education adult education and higher education Different professional perspectives such as languages the arts as well as other subjects are of interest as well as broader topics such as the policies and rights of refugees in education Articles that present quantitative qualitative or mixed methods research are welcomed to show both breadth and depth in the topic Comparative studies are of interest as well as articles that employ narrative research

Revolution, and Peace,1969 **The Deviant Mystique** Robert Prus,Scott Grills,2003-02-28 Adopting a symbolic interactionist perspective and building extensively on the ethnographic research tradition this book analyzes the mystique that often accompanies deviance by examining deviance as an ongoing feature of community life Because deviance is approached in nonprescriptive ways as a product of community interchange the emphasis here is on the ways in which deviance is defined engaged and regulated It is examined as the product of human association as something that is generated by people as they interact with one another assume viewpoints and initiatives and try to influence and resist one another within the context of community life Prus and Grills do not attempt to address various deviant behaviors instead they provide readers with a glimpse into how deviance is formulated practiced viewed and treated Who defines deviance Why What are the effects of deviance on others How do subcultures form These and other questions are answered in this unique approach to the study of deviance Providing a conceptually coherent framework for approaching the study of deviance as an ongoing feature of the human community the authors pay special attention to the many theaters of operation in which people come together and engage one another with respect to morality and deviance Recognizing that audience definitions of deviance are pivotal to community notions of reality and actual interaction consideration is given to the interrelated processes of defining deviance identifying deviants regulating deviance informally and formally and experiencing treatment and disinvolvement This thoughtful consideration serves to shed new light on the mystique that has been created around ideas about deviance
