*Time Changes of the Brownian Motion: Poincaré Inequality, Heat Kernel Estimate and Protodistance* Jun Kigami, 2019-06-10 In this paper time changes of the Brownian motions on generalized Sierpinski carpets including  $n$  dimensional cube  $[0, 1]^n$  are studied Intuitively time change corresponds to alteration to density of the medium where the heat flows In case of the Brownian motion on  $[0, 1]^n$  density of the medium is homogeneous and represented by the Lebesgue measure The author's study includes densities which are singular to the homogeneous one He establishes a rich class of measures called measures having weak exponential decay This class contains measures which are singular to the homogeneous one such as Liouville measures on  $[0, 1]^2$  and self similar measures The author shows the existence of time changed process and associated jointly continuous heat kernel for this class of measures Furthermore he obtains diagonal lower and upper estimates of the heat kernel as time tends to 0 In particular to express the principal part of the lower diagonal heat kernel estimate he introduces protodistance associated with the density as a substitute of ordinary metric If the density has the volume doubling property with respect to the Euclidean metric the protodistance is shown to produce metrics under which upper off diagonal sub Gaussian heat kernel estimate and lower near diagonal heat kernel estimate will be shown

**In the Shadow of the Cross: The Deeper Meaning of Calvary** Ray Pritchard, The fallen cross stands as a symbol for the spiritual condition of the church of Jesus Christ in the early days of the twenty first century In many places and many churches the cross has fallen to the ground Instead of boasting in the cross we have neglected it substituting in its place religious activity and therapeutic language designed to help us feel better about ourselves And yet when the story is truly told it must be said that Christianity is supremely the religion of the cross At the center of our faith a dying man hangs suspended between heaven and earth Pastor Ray Pritchard takes a fresh look at the cross and the God man on it and asks who is He why is He there what are the words he is speaking What did the cross mean to God What did the cross mean to Satan What does the cross mean to you today Pastor Ray Pritchard asks these spiritually
